CUDA by NVIDIA

1. License Agreement for NVIDIA Software Development Kits

Important Notice—Read before downloading, installing, copying or using the licensed software:

This license agreement, including exhibits attached ("Agreement") is a legal agreement between you and NVIDIA Corporation ("NVIDIA") and governs your use of a NVIDIA software development kit ("SDK").

Each SDK has its own set of software and materials, but here is a description of the types of items that may be included in an SDK: source code, header files, APIs, data sets and assets (examples include images, textures, models, scenes, videos, native API input/output files), binary software, sample code, libraries, utility programs, programming code and documentation.

This Agreement can be accepted only by an adult of legal age of majority in the country in which the SDK is used.

If you are entering into this Agreement on behalf of a company or other legal entity, you represent that you have the legal authority to bind the entity to this Agreement, in which case "you" will mean the entity you represent.

If you don't have the required age or authority to accept this Agreement, or if you don't accept all the terms and conditions of this Agreement, do not download, install or use the SDK.

You agree to use the SDK only for purposes that are permitted by (a) this Agreement, and (b) any applicable law, regulation or generally accepted practices or guidelines in the relevant jurisdictions.

1.1. License

1.1.1. License Grant

Subject to the terms of this Agreement, NVIDIA hereby grants you a non-exclusive, non-transferable license, without the right to sublicense (except as expressly provided in this Agreement) to:

1. Install and use the SDK,
2. Modify and create derivative works of sample source code delivered in the SDK, and
3. Distribute those portions of the SDK that are identified in this Agreement as distributable, as incorporated in object code format into a software application that meets the distribution requirements indicated in this Agreement.

1.1.2. Distribution Requirements [↗](#)

These are the distribution requirements for you to exercise the distribution grant:

1. Your application must have material additional functionality, beyond the included portions of the SDK.
2. The distributable portions of the SDK shall only be accessed by your application.
3. The following notice shall be included in modifications and derivative works of sample source code distributed: "This software contains source code provided by NVIDIA Corporation."
4. Unless a developer tool is identified in this Agreement as distributable, it is delivered for your internal use only.
5. The terms under which you distribute your application must be consistent with the terms of this Agreement, including (without limitation) terms relating to the license grant and license restrictions and protection of NVIDIA's intellectual property rights. Additionally, you agree that you will protect the privacy, security and legal rights of your application users.
6. You agree to notify NVIDIA in writing of any known or suspected distribution or use of the SDK not in compliance with the requirements of this Agreement, and to enforce the terms of your agreements with respect to distributed SDK.

1.1.3. Authorized Users [↗](#)

You may allow employees and contractors of your entity or of your subsidiary(ies) to access and use the SDK from your secure network to perform work on your behalf.

If you are an academic institution you may allow users enrolled or employed by the academic institution to access and use the SDK from your secure network.

You are responsible for the compliance with the terms of this Agreement by your authorized users. If you become aware that your authorized users didn't follow the terms of this Agreement, you agree to take reasonable steps to resolve the non-compliance and prevent new occurrences.

1.1.4. Pre-Release SDK [↗](#)

The SDK versions identified as alpha, beta, preview or otherwise as pre-release, may not be fully functional, may contain errors or design flaws, and may have reduced or different security, privacy, accessibility, availability, and reliability standards relative to commercial versions of NVIDIA software and materials. Use of a pre-release SDK may result in unexpected results, loss of data, project delays or other unpredictable damage or loss.

You may use a pre-release SDK at your own risk, understanding that pre-release SDKs are not intended for use in production or business-critical systems.

NVIDIA may choose not to make available a commercial version of any pre-release SDK. NVIDIA may also choose to abandon development and terminate the availability of a pre-release SDK at any time without liability.

1.1.5. Updates [↗](#)

NVIDIA may, at its option, make available patches, workarounds or other updates to this SDK. Unless the updates are provided with their separate governing terms, they are deemed part of the SDK licensed to you as provided in this Agreement. You agree that the form and content of the SDK that NVIDIA provides may change without prior notice to you. While NVIDIA generally maintains compatibility between versions, NVIDIA may in some cases make changes that introduce incompatibilities in future versions of the SDK.

1.1.6. Components Under Other Licenses [↗](#)

The SDK may come bundled with, or otherwise include or be distributed with, NVIDIA or third-party components with separate legal notices or terms as may be described in proprietary notices accompanying the SDK. If and to the extent there is a conflict between the terms in this Agreement and the license terms associated with the component, the license terms associated with the components control only to the extent necessary to resolve the conflict.

Subject to the other terms of this Agreement, you may use the SDK to develop and test applications released under Open Source Initiative (OSI) approved open source software licenses.

1.1.7. Reservation of Rights

NVIDIA reserves all rights, title, and interest in and to the SDK, not expressly granted to you under this Agreement.

1.2. Limitations

The following license limitations apply to your use of the SDK:

1. You may not reverse engineer, decompile or disassemble, or remove copyright or other proprietary notices from any portion of the SDK or copies of the SDK.
2. Except as expressly provided in this Agreement, you may not copy, sell, rent, sublicense, transfer, distribute, modify, or create derivative works of any portion of the SDK. For clarity, you may not distribute or sublicense the SDK as a stand-alone product.
3. Unless you have an agreement with NVIDIA for this purpose, you may not indicate that an application created with the SDK is sponsored or endorsed by NVIDIA.
4. You may not bypass, disable, or circumvent any encryption, security, digital rights management or authentication mechanism in the SDK.
5. You may not use the SDK in any manner that would cause it to become subject to an open source software license. As examples, licenses that require as a condition of use, modification, and/or distribution that the SDK be:
 - a. Disclosed or distributed in source code form;
 - b. Licensed for the purpose of making derivative works; or
 - c. Redistributable at no charge.
6. You acknowledge that the SDK as delivered is not tested or certified by NVIDIA for use in connection with the design, construction, maintenance, and/or operation of any system where the use or failure of such system could result in a situation that threatens the safety of human life or results in catastrophic damages (each, a “Critical Application”). Examples of Critical Applications include use in avionics, navigation, autonomous vehicle applications, ai solutions for automotive products, military, medical, life support or other life critical applications. NVIDIA shall not be liable to you or any third party, in whole or in part, for any claims or damages arising from such uses. You are solely responsible for ensuring that any product or service developed with the SDK as a whole includes sufficient features to comply with all applicable legal and regulatory standards and requirements.
7. You agree to defend, indemnify and hold harmless NVIDIA and its affiliates, and their respective employees, contractors, agents, officers and directors, from and against any and all claims, damages, obligations, losses, liabilities, costs or debt, fines, restitutions and expenses (including but not limited to attorney’s fees and costs incident to establishing the right of indemnification) arising out of or related to products or services that use the SDK in or for Critical Applications, and for use of the SDK outside of the scope of this Agreement or not in compliance with its terms.
8. You may not reverse engineer, decompile or disassemble any portion of the output generated using SDK elements for the purpose of translating such output artifacts to target a non-NVIDIA platform.

1.3. Ownership

1. NVIDIA or its licensors hold all rights, title and interest in and to the SDK and its modifications and derivative works, including their respective intellectual property rights, subject to your rights under [Section 1.3.2](#). This SDK may include software and materials from NVIDIA’s licensors, and these licensors are intended third party beneficiaries that may enforce this Agreement with respect to their intellectual property rights.
1. You hold all rights, title and interest in and to your applications and your derivative works of the sample source code delivered in the SDK, including their respective intellectual property rights, subject to NVIDIA’s rights under [Section 1.3.1](#).
2. You may, but don’t have to, provide to NVIDIA suggestions, feature requests or other feedback regarding the SDK, including possible enhancements or modifications to the SDK. For any feedback that you voluntarily provide, you hereby grant NVIDIA and its affiliates a perpetual, non-exclusive, worldwide, irrevocable license to use, reproduce, modify, license, sublicense (through multiple tiers of sublicensees), and distribute (through multiple tiers of distributors) it without

the payment of any royalties or fees to you. NVIDIA will use feedback at its choice. NVIDIA is constantly looking for ways to improve its products, so you may send feedback to NVIDIA through the developer portal at <https://developer.nvidia.com>.

1.4. No Warranties

THE SDK IS PROVIDED BY NVIDIA "AS IS" AND "WITH ALL FAULTS." TO THE MAXIMUM EXTENT PERMITTED BY LAW, NVIDIA AND ITS AFFILIATES EXPRESSLY DISCLAIM ALL WARRANTIES OF ANY KIND OR NATURE, WHETHER EXPRESS, IMPLIED OR STATUTORY, INCLUDING, BUT NOT LIMITED TO, ANY WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, TITLE, NON-INFRINGEMENT, OR THE ABSENCE OF ANY DEFECTS THEREIN, WHETHER LATENT OR PATENT. NO WARRANTY IS MADE ON THE BASIS OF TRADE USAGE, COURSE OF DEALING OR COURSE OF TRADE.

1.5. Limitation of Liability

TO THE MAXIMUM EXTENT PERMITTED BY LAW, NVIDIA AND ITS AFFILIATES SHALL NOT BE LIABLE FOR ANY (I) SPECIAL, INCIDENTAL, PUNITIVE OR CONSEQUENTIAL DAMAGES, OR (II) DAMAGES FOR (A) ANY LOST PROFITS, LOSS OF USE, LOSS OF DATA OR LOSS OF GOODWILL, OR (B) THE COSTS OF PROCURING SUBSTITUTE PRODUCTS, ARISING OUT OF OR IN CONNECTION WITH THIS AGREEMENT OR THE USE OR PERFORMANCE OF THE SDK, WHETHER SUCH LIABILITY ARISES FROM ANY CLAIM BASED UPON BREACH OF CONTRACT, BREACH OF WARRANTY, TORT (INCLUDING NEGLIGENCE), PRODUCT LIABILITY OR ANY OTHER CAUSE OF ACTION OR THEORY OF LIABILITY. IN NO EVENT WILL NVIDIA'S AND ITS AFFILIATES TOTAL CUMULATIVE LIABILITY UNDER OR ARISING OUT OF THIS AGREEMENT EXCEED US\$10.00. THE NATURE OF THE LIABILITY OR THE NUMBER OF CLAIMS OR SUITS SHALL NOT ENLARGE OR EXTEND THIS LIMIT.

These exclusions and limitations of liability shall apply regardless if NVIDIA or its affiliates have been advised of the possibility of such damages, and regardless of whether a remedy fails its essential purpose. These exclusions and limitations of liability form an essential basis of the bargain between the parties, and, absent any of these exclusions or limitations of liability, the provisions of this Agreement, including, without limitation, the economic terms, would be substantially different.

1.6. Termination

1. This Agreement will continue to apply until terminated by either you or NVIDIA as described below.
2. If you want to terminate this Agreement, you may do so by stopping to use the SDK.
3. NVIDIA may, at any time, terminate this Agreement if:
 1. (i) you fail to comply with any term of this Agreement and the non-compliance is not fixed within thirty (30) days following notice from NVIDIA (or immediately if you violate NVIDIA's intellectual property rights);
 2. (ii) you commence or participate in any legal proceeding against NVIDIA with respect to the SDK; or
 3. (iii) NVIDIA decides to no longer provide the SDK in a country or, in NVIDIA's sole discretion, the continued use of it is no longer commercially viable.
4. Upon any termination of this Agreement, you agree to promptly discontinue use of the SDK and destroy all copies in your possession or control. Your prior distributions in accordance with this Agreement are not affected by the termination of this Agreement. Upon written request, you will certify in writing that you have complied with your commitments under this section. Upon any termination of this Agreement all provisions survive except for the license grant provisions.

1.7. General

If you wish to assign this Agreement or your rights and obligations, including by merger, consolidation, dissolution or operation of law, contact NVIDIA to ask for permission. Any attempted assignment not approved by NVIDIA in writing shall be void and of no effect. NVIDIA may assign, delegate or transfer this Agreement and its rights and obligations, and if to a non-affiliate you will be notified.

You agree to cooperate with NVIDIA and provide reasonably requested information to verify your compliance with this Agreement.

This Agreement will be governed in all respects by the laws of the United States and of the State of Delaware, without regard to the conflicts of laws principles. The United Nations Convention on Contracts for the International Sale of Goods is specifically disclaimed. You agree to all terms of this Agreement in the English language.

The state or federal courts residing in Santa Clara County, California shall have exclusive jurisdiction over any dispute or claim arising out of this Agreement. Notwithstanding this, you agree that NVIDIA shall still be allowed to apply for injunctive remedies or an equivalent type of urgent legal relief in any jurisdiction.

If any court of competent jurisdiction determines that any provision of this Agreement is illegal, invalid or unenforceable, such provision will be construed as limited to the extent necessary to be consistent with and fully enforceable under the law and the remaining provisions will remain in full force and effect. Unless otherwise specified, remedies are cumulative.

Each party acknowledges and agrees that the other is an independent contractor in the performance of this Agreement.

The SDK has been developed entirely at private expense and is "commercial items" consisting of "commercial computer software" and "commercial computer software documentation" provided with RESTRICTED RIGHTS. Use, duplication or disclosure by the U.S. Government or a U.S. Government subcontractor is subject to the restrictions in this Agreement pursuant to DFARS 227.7202-3(a) or as set forth in subparagraphs (c)(1) and (2) of the Commercial Computer Software - Restricted Rights clause at FAR 52.227-19, as applicable. Contractor/manufacturer is NVIDIA, 2788 San Tomas Expressway, Santa Clara, CA 95051.

The SDK is subject to United States export laws and regulations. You agree that you will not ship, transfer or export the SDK into any country, or use the SDK in any manner, prohibited by the United States Bureau of Industry and Security or economic sanctions regulations administered by the U.S. Department of Treasury's Office of Foreign Assets Control (OFAC), or any applicable export laws, restrictions or regulations. These laws include restrictions on destinations, end users and end use. By accepting this Agreement, you confirm that you are not located in a country currently embargoed by the U.S. or otherwise prohibited from receiving the SDK under U.S. law.

Any notice delivered by NVIDIA to you under this Agreement will be delivered via mail, email or fax. You agree that any notices that NVIDIA sends you electronically will satisfy any legal communication requirements. Please direct your legal notices or other correspondence to NVIDIA Corporation, 2788 San Tomas Expressway, Santa Clara, California 95051, United States of America, Attention: Legal Department.

This Agreement and any exhibits incorporated into this Agreement constitute the entire agreement of the parties with respect to the subject matter of this Agreement and supersede all prior negotiations or documentation exchanged between the parties relating to this SDK license. GNU LESSER GENERAL PUBLIC LICENSE Version 2.1, February 1999 Copyright (C) 1991, 1999 Free Software Foundation, Inc. 51 Franklin Street, Fifth Floor, Boston, MA 02110-1301, USA. Everyone is permitted to copy and distribute verbatim copies of this license document, but changing it is not allowed.

[This is the first released version of the Lesser GPL. It also counts as the successor of the GNU Library Public License, version 2, hence the version number 2.1.]

Preamble

The licenses for most software are designed to take away your freedom to share and change it. By contrast, the GNU General Public Licenses are intended to guarantee your freedom to share and change free software--to make sure the software is free for all its users.

This license, the Lesser General Public License, applies to some specially designated software packages--typically libraries--of the Free Software Foundation and other authors who decide to use it. You can use it too, but we suggest you first think carefully about whether this license or the ordinary General Public License is the better strategy to use in any particular case, based on the explanations below.

When we speak of free software, we are referring to freedom of use, not price. Our General Public Licenses are designed to make sure that you have the freedom to distribute copies of free software (and charge for this service if you wish); that you receive source code or can get it if you want it; that you can change the software and use pieces of it in new free programs; and that you are informed that you can do these things.

To protect your rights, we need to make restrictions that forbid distributors to deny you these rights or to ask you to surrender these rights. These restrictions translate to certain responsibilities for you if you distribute copies of the library or if you modify it.

For example, if you distribute copies of the library, whether gratis or for a fee, you must give the recipients all the rights that we gave you. You must make sure that they, too, receive or can get the source code. If you link other code with the library, you must provide complete object files to the recipients, so that they can relink them with the library after making changes to the library and recompiling it. And you must show them these terms so they know their rights.

We protect your rights with a two-step method: (1) we copyright the library, and (2) we offer you this license, which gives you legal permission to copy, distribute and/or modify the library.

To protect each distributor, we want to make it very clear that there is no warranty for the free library. Also, if the library is modified by someone else and passed on, the recipients should know that what they have is not the original version, so that the original author's reputation will not be affected by problems that might be introduced by others.

Finally, software patents pose a constant threat to the existence of any free program. We wish to make sure that a company cannot effectively restrict the users of a free program by obtaining a restrictive license from a patent holder. Therefore, we insist that any patent license obtained for a version of the library must be consistent with the full freedom of use specified in this license.

Most GNU software, including some libraries, is covered by the ordinary GNU General Public License. This license, the GNU Lesser General Public License, applies to certain designated libraries, and is quite different from the ordinary General Public License. We use this license for certain libraries in order to permit linking those libraries into non-free programs.

When a program is linked with a library, whether statically or using a shared library, the combination of the two is legally speaking a combined work, a derivative of the original library. The ordinary General Public License therefore permits such linking only if the entire combination fits its criteria of freedom. The Lesser General Public License permits more lax criteria for linking other code with the library.

We call this license the "Lesser" General Public License because it does Less to protect the user's freedom than the ordinary General Public License. It also provides other free software developers Less of an advantage over competing non-free programs. These disadvantages are the reason we use the ordinary General Public License for many libraries. However, the Lesser license provides advantages in certain special circumstances.

For example, on rare occasions, there may be a special need to encourage the widest possible use of a certain library, so that it becomes a de-facto standard. To achieve this, non-free programs must be allowed to use the library. A more frequent case is that a free library does the same job as widely used non-free libraries. In this case, there is little to gain by limiting the free library to free software only, so we use the Lesser General Public License.

In other cases, permission to use a particular library in non-free programs enables a greater number of people to use a large body of free software. For example, permission to use the GNU C Library in non-free programs enables many more people to use the whole GNU operating system, as well as its variant, the GNU/Linux operating system.

Although the Lesser General Public License is Less protective of the users' freedom, it does ensure that the user of a program that is linked with the Library has the freedom and the wherewithal to run that program using a modified version of the Library.

The precise terms and conditions for copying, distribution and modification follow. Pay close attention to the difference between a "work based on the library" and a "work that uses the library". The former contains code derived from the library, whereas the latter must be combined with the library in order to run.

TERMS AND CONDITIONS FOR USE, REPRODUCTION, AND DISTRIBUTION

1. Definitions.

- "License" shall mean the terms and conditions for use, reproduction, and distribution as defined by Sections 1 through 9 of this document.
 - "Licensor" shall mean the copyright owner or entity authorized by the copyright owner that is granting the License.
 - "Legal Entity" shall mean the union of the acting entity and all other entities that control, are controlled by, or are under common control with that entity. For the purposes of this definition, "control" means (i) the power, direct or indirect, to cause the direction or management of such entity, whether by contract or otherwise, or (ii) ownership of fifty percent (50%) or more of the outstanding shares, or (iii) beneficial ownership of such entity.
 - "You" (or "Your") shall mean an individual or Legal Entity exercising permissions granted by this License.
 - "Source" form shall mean the preferred form for making modifications, including but not limited to software source code, documentation source, and configuration files.
 - "Object" form shall mean any form resulting from mechanical transformation or translation of a Source form, including but not limited to compiled object code, generated documentation, and conversions to other media types.
 - "Work" shall mean the work of authorship, whether in Source or Object form, made available under the License, as indicated by a copyright notice that is included in or attached to the work (an example is provided in the Appendix below).
 - "Derivative Works" shall mean any work, whether in Source or Object form, that is based on (or derived from) the Work and for which the editorial revisions, annotations, elaborations, or other modifications represent, as a whole, an original work of authorship. For the purposes of this License, Derivative Works shall not include works that remain separable from, or merely link (or bind by name) to the interfaces of, the Work and Derivative Works thereof.
 - "Contribution" shall mean any work of authorship, including the original version of the Work and any modifications or additions to that Work or Derivative Works thereof, that is intentionally submitted to Licensor for inclusion in the Work by the copyright owner or by an individual or Legal Entity authorized to submit on behalf of the copyright owner. For the purposes of this definition, "submitted" means any form of electronic, verbal, or written communication sent to the Licensor or its representatives, including but not limited to communication on electronic mailing lists, source code control systems, and issue tracking systems that are managed by, or on behalf of, the Licensor for the purpose of discussing and improving the Work, but excluding communication that is conspicuously marked or otherwise designated in writing by the copyright owner as "Not a Contribution."
 - "Contributor" shall mean Licensor and any individual or Legal Entity on behalf of whom a Contribution has been received by Licensor and subsequently incorporated within the Work.
2. Grant of Copyright License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable copyright license to reproduce, prepare Derivative Works of, publicly display, publicly perform, sublicense, and distribute the Work and such Derivative Works in Source or Object form.
3. Grant of Patent License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable (except as stated in this section) patent license to make, have made, use, offer to sell, sell, import, and otherwise transfer the Work, where such license applies only to those patent claims licensable by such Contributor that are necessarily infringed by their Contribution(s) alone or by combination of their Contribution(s) with the Work to which such Contribution(s) was submitted. If You institute patent litigation against any entity (including a cross-claim or counterclaim in a lawsuit) alleging that the Work or a Contribution incorporated within the Work constitutes direct or contributory patent infringement, then any patent licenses granted to You under this License for that Work shall terminate as of the date such litigation is filed.
4. Redistribution. You may reproduce and distribute copies of the Work or Derivative Works thereof in any medium, with or without modifications, and in Source or Object form, provided that You meet the following conditions:
- (a) You must give any other recipients of the Work or Derivative Works a copy of this License; and
 - (b) You must cause any modified files to carry prominent notices stating that You changed the files; and

- (c) You must retain, in the Source form of any Derivative Works that You distribute, all copyright, patent, trademark, and attribution notices from the Source form of the Work, excluding those notices that do not pertain to any part of the Derivative Works; and
- (d) If the Work includes a "NOTICE" text file as part of its distribution, then any Derivative Works that You distribute must include a readable copy of the attribution notices contained within such NOTICE file, excluding those notices that do not pertain to any part of the Derivative Works, in at least one of the following places: within a NOTICE text file distributed as part of the Derivative Works; within the Source form or documentation, if provided along with the Derivative Works; or, within a display generated by the Derivative Works, if and wherever such third-party notices normally appear. The contents of the NOTICE file are for informational purposes only and do not modify the License. You may add Your own attribution notices within Derivative Works that You distribute, alongside or as an addendum to the NOTICE text from the Work, provided that such additional attribution notices cannot be construed as modifying the License.

You may add Your own copyright statement to Your modifications and may provide additional or different license terms and conditions for use, reproduction, or distribution of Your modifications, or for any such Derivative Works as a whole, provided Your use, reproduction, and distribution of the Work otherwise complies with the conditions stated in this License.

5. Submission of Contributions. Unless You explicitly state otherwise, any Contribution intentionally submitted for inclusion in the Work by You to the Licensor shall be under the terms and conditions of this License, without any additional terms or conditions. Notwithstanding the above, nothing herein shall supersede or modify the terms of any separate license agreement you may have executed with Licensor regarding such Contributions.
6. Trademarks. This License does not grant permission to use the trade names, trademarks, service marks, or product names of the Licensor, except as required for reasonable and customary use in describing the origin of the Work and reproducing the content of the NOTICE file.
7. Disclaimer of Warranty. Unless required by applicable law or agreed to in writing, Licensor provides the Work (and each Contributor provides its Contributions) on an "AS IS" BASIS, WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express or implied, including, without limitation, any warranties or conditions of TITLE, NON-INFRINGEMENT, MERCHANTABILITY, or FITNESS FOR A PARTICULAR PURPOSE. You are solely responsible for determining the appropriateness of using or redistributing the Work and assume any risks associated with Your exercise of permissions under this License.
8. Limitation of Liability. In no event and under no legal theory, whether in tort (including negligence), contract, or otherwise, unless required by applicable law (such as deliberate and grossly negligent acts) or agreed to in writing, shall any Contributor be liable to You for damages, including any direct, indirect, special, incidental, or consequential damages of any character arising as a result of this License or out of the use or inability to use the Work (including but not limited to damages for loss of goodwill, work stoppage, computer failure or malfunction, or any and all other commercial damages or losses), even if such Contributor has been advised of the possibility of such damages.
9. Accepting Warranty or Additional Liability. While redistributing the Work or Derivative Works thereof, You may choose to offer, and charge a fee for, acceptance of support, warranty, indemnity, or other liability obligations and/or rights consistent with this License. However, in accepting such obligations, You may act only on Your own behalf and on Your sole responsibility, not on behalf of any other Contributor, and only if You agree to indemnify, defend, and hold each Contributor harmless for any liability incurred by, or claims asserted against, such Contributor by reason of your accepting any such warranty or additional liability.

GNU LESSER GENERAL PUBLIC LICENSE

TERMS AND CONDITIONS FOR COPYING, DISTRIBUTION AND MODIFICATION

0. This License Agreement applies to any software library or other program which contains a notice placed by the copyright holder or other authorized party saying it may be distributed under the terms of this Lesser General Public License (also called "this License"). Each licensee is addressed as "you".

A "library" means a collection of software functions and/or data prepared so as to be conveniently linked with application programs (which use some of those functions and data) to form executables.

The "Library", below, refers to any such software library or work which has been distributed under these terms. A "work based on the Library" means either the Library or any derivative work under copyright law: that is to say, a work containing the Library or a portion of it, either verbatim or with modifications and/or translated straightforwardly into another language. (Hereinafter, translation is included without limitation in the term "modification".)

"Source code" for a work means the preferred form of the work for making modifications to it. For a library, complete source code means all the source code for all modules it contains, plus any associated interface definition files, plus the scripts used to control compilation and installation of the library.

Activities other than copying, distribution and modification are not covered by this License; they are outside its scope. The act of running a program using the Library is not restricted, and output from such a program is covered only if its contents constitute a work based on the Library (independent of the use of the Library in a tool for writing it). Whether that is true depends on what the Library does and what the program that uses the Library does.

1. You may copy and distribute verbatim copies of the Library's complete source code as you receive it, in any medium, provided that you conspicuously and appropriately publish on each copy an appropriate copyright notice and disclaimer of warranty; keep intact all the notices that refer to this License and to the absence of any warranty; and distribute a copy of this License along with the Library.

You may charge a fee for the physical act of transferring a copy, and you may at your option offer warranty protection in exchange for a fee.

2. You may modify your copy or copies of the Library or any portion of it, thus forming a work based on the Library, and copy and distribute such modifications or work under the terms of Section 1 above, provided that you also meet all of these conditions:

- a) The modified work must itself be a software library.
- b) You must cause the files modified to carry prominent notices stating that you changed the files and the date of any change.
- c) You must cause the whole of the work to be licensed at no charge to all third parties under the terms of this License.
- d) If a facility in the modified Library refers to a function or a table of data to be supplied by an application program that uses the facility, other than as an argument passed when the facility is invoked, then you must make a good faith effort to ensure that, in the event an application does not supply such function or table, the facility still operates, and performs whatever part of its purpose remains meaningful.

(For example, a function in a library to compute square roots has a purpose that is entirely well-defined independent of the application. Therefore, Subsection 2d requires that any application-supplied function or table used by this function must be optional: if the application does not supply it, the square root function must still compute square roots.)

These requirements apply to the modified work as a whole. If identifiable sections of that work are not derived from the Library, and can be reasonably considered independent and separate works in themselves, then this License, and its terms, do not apply to those

sections when you distribute them as separate works. But when you distribute the same sections as part of a whole which is a work based on the Library, the distribution of the whole must be on the terms of this License, whose permissions for other licensees extend to the entire whole, and thus to each and every part regardless of who wrote it.

Thus, it is not the intent of this section to claim rights or contest your rights to work written entirely by you; rather, the intent is to exercise the right to control the distribution of derivative or collective works based on the Library.

In addition, mere aggregation of another work not based on the Library with the Library (or with a work based on the Library) on a volume of a storage or distribution medium does not bring the other work under the scope of this License.

3. You may opt to apply the terms of the ordinary GNU General Public License instead of this License to a given copy of the Library. To do this, you must alter all the notices that refer to this License, so that they refer to the ordinary GNU General Public License, version 2, instead of to this License. (If a newer version than version 2 of the ordinary GNU General Public License has appeared, then you can specify that version instead if you wish.) Do not make any other change in these notices.

Once this change is made in a given copy, it is irreversible for that copy, so the ordinary GNU General Public License applies to all subsequent copies and derivative works made from that copy.

This option is useful when you wish to copy part of the code of the Library into a program that is not a library.

4. You may copy and distribute the Library (or a portion or derivative of it, under Section 2) in object code or executable form under the terms of Sections 1 and 2 above provided that you accompany it with the complete corresponding machine-readable source code, which must be distributed under the terms of Sections 1 and 2 above on a medium customarily used for software interchange.

If distribution of object code is made by offering access to copy from a designated place, then offering equivalent access to copy the source code from the same place satisfies the requirement to distribute the source code, even though third parties are not compelled to copy the source along with the object code.

5. A program that contains no derivative of any portion of the Library, but is designed to work with the Library by being compiled or linked with it, is called a "work that uses the Library". Such a work, in isolation, is not a derivative work of the Library, and therefore falls outside the scope of this License.

However, linking a "work that uses the Library" with the Library creates an executable that is a derivative of the Library (because it contains portions of the Library), rather than a "work that uses the library". The executable is therefore covered by this License. Section 6 states terms for distribution of such executables.

When a "work that uses the Library" uses material from a header file that is part of the Library, the object code for the work may be a derivative work of the Library even though the source code is not. Whether this is true is especially significant if the work can be linked without the Library, or if the work is itself a library. The threshold for this to be true is not precisely defined by law.

If such an object file uses only numerical parameters, data structure layouts and accessors, and small macros and small inline functions (ten lines or less in length), then the use of the object file is unrestricted, regardless of whether it is legally a derivative work. (Executables containing this object code plus portions of the Library will still fall under Section 6.)

Otherwise, if the work is a derivative of the Library, you may distribute the object code for the work under the terms of Section 6. Any executables containing that work also fall under Section 6, whether or not they are linked directly with the Library itself.

6. As an exception to the Sections above, you may also combine or link a "work that uses the Library" with the Library to produce a work containing portions of the Library, and distribute that work under terms of your choice, provided that the terms permit modification of the work for the customer's own use and reverse engineering for debugging such modifications.

You must give prominent notice with each copy of the work that the Library is used in it and that the Library and its use are covered by this License. You must supply a copy of this License. If the work during execution displays copyright notices, you must include the copyright notice for the Library among them, as well as a reference directing the user to the copy of this License. Also, you must do one of these things:

- a) Accompany the work with the complete corresponding machine-readable source code for the Library including whatever changes were used in the work (which must be distributed under Sections 1 and 2 above); and, if the work is an executable linked with the Library, with the complete machine-readable "work that uses the Library", as object code and/or source code, so that the user can modify the Library and then relink to produce a modified executable containing the modified Library. (It is understood that the user who changes the contents of definitions files in the Library will not necessarily be able to recompile the application to use the modified definitions.)
- b) Use a suitable shared library mechanism for linking with the Library. A suitable mechanism is one that (1) uses at run time a copy of the library already present on the user's computer system, rather than copying library functions into the executable, and (2) will operate properly with a modified version of the library, if the user installs one, as long as the modified version is interface-compatible with the version that the work was made with.

- c) Accompany the work with a written offer, valid for at least three years, to give the same user the materials specified in Subsection 6a, above, for a charge no more than the cost of performing this distribution.
- d) If distribution of the work is made by offering access to copy from a designated place, offer equivalent access to copy the above specified materials from the same place.
- e) Verify that the user has already received a copy of these materials or that you have already sent this user a copy.

For an executable, the required form of the "work that uses the Library" must include any data and utility programs needed for reproducing the executable from it. However, as a special exception, the materials to be distributed need not include anything that is normally distributed (in either source or binary form) with the major components (compiler, kernel, and so on) of the operating system on which the executable runs, unless that component itself accompanies the executable.

It may happen that this requirement contradicts the license restrictions of other proprietary libraries that do not normally accompany the operating system. Such a contradiction means you cannot use both them and the Library together in an executable that you distribute.

- 7. You may place library facilities that are a work based on the Library side-by-side in a single library together with other library facilities not covered by this License, and distribute such a combined library, provided that the separate distribution of the work based on the Library and of the other library facilities is otherwise permitted, and provided that you do these two things:
 - a) Accompany the combined library with a copy of the same work based on the Library, uncombined with any other library facilities. This must be distributed under the terms of the Sections above.
 - b) Give prominent notice with the combined library of the fact that part of it is a work based on the Library, and explaining where to find the accompanying uncombined form of the same work.
- 8. You may not copy, modify, sublicense, link with, or distribute the Library except as expressly provided under this License. Any attempt otherwise to copy, modify, sublicense, link with, or distribute the Library is void, and will automatically terminate your rights under this License. However, parties who have received copies, or rights, from you under this License will not have their licenses terminated so long as such parties remain in full compliance.
- 9. You are not required to accept this License, since you have not signed it. However, nothing else grants you permission to modify or distribute the Library or its derivative works. These actions are prohibited by law if you do not accept this License. Therefore, by modifying or distributing the Library (or any work based on the Library), you indicate your acceptance of this License to do so, and all its terms and conditions for copying, distributing or modifying the Library or works based on it.
- 10. Each time you redistribute the Library (or any work based on the Library), the recipient automatically receives a license from the original licensor to copy, distribute, link with or modify the Library subject to these terms and conditions. You may not impose any further restrictions on the recipients' exercise of the rights granted herein. You are not responsible for enforcing compliance by third parties with this License.
- 11. If, as a consequence of a court judgment or allegation of patent infringement or for any other reason (not limited to patent issues), conditions are imposed on you (whether by court order, agreement or otherwise) that contradict the conditions of this License, they do not excuse you from the conditions of this License. If you cannot distribute so as to satisfy simultaneously your obligations under this License and any other pertinent obligations, then as a consequence you may not distribute the Library at all. For example, if a patent license would not permit royalty-free redistribution of the Library by all those who receive copies directly or indirectly through you, then the only way you could satisfy both it and this License would be to refrain entirely from distribution of the Library.

If any portion of this section is held invalid or unenforceable under any particular circumstance, the balance of the section is intended to apply, and the section as a whole is intended to apply in other circumstances.

It is not the purpose of this section to induce you to infringe any patents or other property right claims or to contest validity of any such claims; this section has the sole purpose of protecting the integrity of the free software distribution system which is implemented by public license practices. Many people have made generous contributions to the wide range of software distributed through that system in reliance on consistent application of that system; it is up to the author/donor to decide if he or she is willing to distribute software through any other system and a licensee cannot impose that choice.

This section is intended to make thoroughly clear what is believed to be a consequence of the rest of this License.

- 12. If the distribution and/or use of the Library is restricted in certain countries either by patents or by copyrighted interfaces, the original copyright holder who places the Library under this License may add an explicit geographical distribution limitation

excluding those countries, so that distribution is permitted only in or among countries not thus excluded. In such case, this License incorporates the limitation as if written in the body of this License.

13. The Free Software Foundation may publish revised and/or new versions of the Lesser General Public License from time to time. Such new versions will be similar in spirit to the present version, but may differ in detail to address new problems or concerns.

Each version is given a distinguishing version number. If the Library specifies a version number of this License which applies to it and "any later version", you have the option of following the terms and conditions either of that version or of any later version published by the Free Software Foundation. If the Library does not specify a license version number, you may choose any version ever published by the Free Software Foundation.

14. If you wish to incorporate parts of the Library into other free programs whose distribution conditions are incompatible with these, write to the author to ask for permission. For software which is copyrighted by the Free Software Foundation, write to the Free Software Foundation; we sometimes make exceptions for this. Our decision will be guided by the two goals of preserving the free status of all derivatives of our free software and of promoting the sharing and reuse of software generally.

NO WARRANTY

15. BECAUSE THE LIBRARY IS LICENSED FREE OF CHARGE, THERE IS NO WARRANTY FOR THE LIBRARY, TO THE EXTENT PERMITTED BY APPLICABLE LAW. EXCEPT WHEN OTHERWISE STATED IN WRITING THE COPYRIGHT HOLDERS AND/OR OTHER PARTIES PROVIDE THE LIBRARY "AS IS" WITHOUT WARRANTY OF ANY KIND, EITHER EXPRESSED OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. THE ENTIRE RISK AS TO THE QUALITY AND PERFORMANCE OF THE LIBRARY IS WITH YOU. SHOULD THE LIBRARY PROVE DEFECTIVE, YOU ASSUME THE COST OF ALL NECESSARY SERVICING, REPAIR OR CORRECTION.

16. IN NO EVENT UNLESS REQUIRED BY APPLICABLE LAW OR AGREED TO IN WRITING WILL ANY COPYRIGHT HOLDER, OR ANY OTHER PARTY WHO MAY MODIFY AND/OR REDISTRIBUTE THE LIBRARY AS PERMITTED ABOVE, BE LIABLE TO YOU FOR DAMAGES, INCLUDING ANY GENERAL, SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES ARISING OUT OF THE USE OR INABILITY TO USE THE LIBRARY (INCLUDING BUT NOT LIMITED TO LOSS OF DATA OR DATA BEING RENDERED INACCURATE OR LOSSES SUSTAINED BY YOU OR THIRD PARTIES OR A FAILURE OF THE LIBRARY TO OPERATE WITH ANY OTHER SOFTWARE), EVEN IF SUCH HOLDER OR OTHER PARTY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

END OF TERMS AND CONDITIONS

How to Apply These Terms to Your New Libraries

If you develop a new library, and you want it to be of the greatest possible use to the public, we recommend making it free software that everyone can redistribute and change. You can do so by permitting redistribution under these terms (or, alternatively, under the terms of the ordinary General Public License).

To apply these terms, attach the following notices to the library. It is safest to attach them to the start of each source file to most effectively convey the exclusion of warranty; and each file should have at least the "copyright" line and a pointer to where the full notice is found.

<one line to give the library's name and a brief idea of what it does.>

Copyright (C) <year> <name of author>

This library is free software; you can redistribute it and/or modify it under the terms of the GNU Lesser General Public License as published by the Free Software Foundation; either version 2.1 of the License, or (at your option) any later version.

This library is distributed in the hope that it will be useful, but WITHOUT ANY WARRANTY; without even the implied warranty of MERCHANTABILITY or FITNESS FOR A PARTICULAR PURPOSE. See the GNU Lesser General Public License for more details.

You should have received a copy of the GNU Lesser General Public License along with this library; if not, write to the Free Software Foundation, Inc., 51 Franklin Street, Fifth Floor, Boston, MA 02110-1301 USA

Also add information on how to contact you by electronic and paper mail.

You should also get your employer (if you work as a programmer) or your school, if any, to sign a "copyright disclaimer" for the library, if necessary. Here is a sample; alter the names:

Yoyodyne, Inc., hereby disclaims all copyright interest in the library `Frob' (a library for tweaking knobs) written by James Random Hacker.

| MICROSOFT SOFTWARE LICENSE TERMS

MICROSOFT .NET LIBRARY

These license terms are an agreement between Microsoft Corporation (or based on where you live, one of its affiliates) and you. They apply to the software named above. The terms also apply to any Microsoft services or updates for the software, except to the extent those have different terms.

IF YOU COMPLY WITH THESE LICENSE TERMS, YOU HAVE THE RIGHTS BELOW.

1. INSTALLATION AND USE RIGHTS.

You may install and use any number of copies of the software to design, develop and test you're applications. You may modify, copy, distribute or deploy any .js files contained in the software as part of your applications.

2. THIRD PARTY COMPONENTS. The software may include third party components with separate legal notices or governed by other agreements, as may be described in the ThirdPartyNotices file(s) accompanying the software.

3. ADDITIONAL LICENSING REQUIREMENTS AND/OR USE RIGHTS.

a. **DISTRIBUTABLE CODE.** In addition to the .js files described above, the software is comprised of Distributable Code. "Distributable Code" is code that you are permitted to distribute in programs you develop if you comply with the terms below.

i. Right to Use and Distribute.

- You may copy and distribute the object code form of the software.
- **Third Party Distribution.** You may permit distributors of your programs to copy and distribute the Distributable Code as part of those programs.

- ii. Distribution Requirements. For any Distributable Code you distribute, you must
 - use the Distributable Code in your programs and not as a standalone distribution;
 - require distributors and external end users to agree to terms that protect it at least as much as this agreement;
 - display your valid copyright notice on your programs; and
 - indemnify, defend, and hold harmless Microsoft from any claims, including attorneys' fees, related to the distribution or use of your applications, except to the extent that any claim is based solely on the Distributable Code.
- iii. Distribution Restrictions. You may not
 - alter any copyright, trademark or patent notice in the Distributable Code;
 - use Microsoft's trademarks in your programs' names or in a way that suggests your programs come from or are endorsed by Microsoft;
 - include Distributable Code in malicious, deceptive or unlawful programs; or
 - modify or distribute the source code of any Distributable Code so that any part of it becomes subject to an Excluded License. An Excluded License is one that requires, as a condition of use, modification or distribution, that
 - the code be disclosed or distributed in source code form; or
 - others have the right to modify it.

4. DATA.

- a. Data Collection. The software may collect information about you and your use of the software, and send that to Microsoft. Microsoft may use this information to provide services and improve our products and services. You may opt-out of many of these scenarios, but not all, as described in the product documentation. There are also some features in the software that may enable you and Microsoft to collect data from users of your applications. If you use these features, you must comply with applicable law, including providing appropriate notices to users of your applications together with a copy of Microsoft's privacy statement. Our privacy statement is located at <https://go.microsoft.com/fwlink/?LinkID=824704>. You can learn more about data collection and use in the help documentation and our privacy statement. Your use of the software operates as your consent to these practices.
- b. Processing of Personal Data. To the extent Microsoft is a processor or subprocessor of personal data in connection with the software, Microsoft makes the commitments in the European Union General Data Protection Regulation Terms of the Online Services Terms to all customers effective May 25, 2018, at <https://aka.ms/aspnet/gdpr>.

5. SCOPE OF LICENSE. The software is licensed, not sold. This agreement only gives you some rights to use the software. Microsoft reserves all other rights. Unless applicable law gives you more rights despite this limitation, you may use the software only as expressly permitted in this agreement. In doing so, you must comply with any technical limitations in the software that only allow you to use it in certain ways. You may not

- work around any technical limitations in the software;
- reverse engineer, decompile or disassemble the software, or otherwise attempt to derive the source code for the software, except and to the extent required by third party licensing terms governing use of certain open source components that may be included in the software;
- remove, minimize, block or modify any notices of Microsoft or its suppliers in the software;
- use the software in any way that is against the law; or
- share, publish, rent or lease the software, provide the software as a stand-alone offering for others to use, or transfer the software or this agreement to any third party.

6. BACKUP COPY. You may make one backup copy of the software. You may use it only to reinstall the software.

7. DOCUMENTATION. Any person that has valid access to your computer or internal network may copy and use the documentation for your internal, reference purposes.
8. EXPORT RESTRICTIONS. You must comply with all domestic and international export laws and regulations that apply to the software, which include restrictions on destinations, end users, and end use. For further information on export restrictions, visit www.microsoft.com/exporting.
9. SUPPORT SERVICES. Because this software is "as is," we may not provide support services for it.
10. ENTIRE AGREEMENT. This agreement, and the terms for supplements, updates, Internet-based services and support services that you use, are the entire agreement for the software and support services.
11. APPLICABLE LAW. If you acquired the software in the United States, Washington law applies to interpretation of and claims for breach of this agreement, and the laws of the state where you live apply to all other claims. If you acquired the software in any other country, its laws apply.
12. CONSUMER RIGHTS; REGIONAL VARIATIONS. This agreement describes certain legal rights. You may have other rights, including consumer rights, under the laws of your state or country. Separate and apart from your relationship with Microsoft, you may also have rights with respect to the party from which you acquired the software. This agreement does not change those other rights if the laws of your state or country do not permit it to do so. For example, if you acquired the software in one of the below regions, or mandatory country law applies, then the following provisions apply to you:
 - a) Australia. You have statutory guarantees under the Australian Consumer Law and nothing in this agreement is intended to affect those rights.
 - b) Canada. If you acquired this software in Canada, you may stop receiving updates by turning off the automatic update feature, disconnecting your device from the Internet (if and when you re- connect to the Internet, however, the software will resume checking for and installing updates), or uninstalling the software. The product documentation, if any, may also specify how to turn off updates for your specific device or software.
 - c) Germany and Austria.
 - (i) Warranty. The software will perform substantially as described in any Microsoft materials that accompany it. However, Microsoft gives no contractual guarantee in relation to the software.
 - (ii) Limitation of Liability. In case of intentional conduct, gross negligence, claims based on the Product Liability Act, as well as in case of death or personal or physical injury, Microsoft is liable according to the statutory law.

Subject to the foregoing clause (ii), Microsoft will only be liable for slight negligence if Microsoft is in breach of such material contractual obligations, the fulfillment of which facilitate the due performance of this agreement, the breach of which would endanger the purpose of this agreement and the compliance with which a party may constantly trust in (so-called "cardinal obligations"). In other cases of slight negligence, Microsoft will not be liable for slight negligence
13. DISCLAIMER OF WARRANTY. THE SOFTWARE IS LICENSED "AS-IS." YOU BEAR THE RISK OF USING IT. MICROSOFT GIVES NO EXPRESS WARRANTIES, GUARANTEES OR CONDITIONS. TO THE EXTENT PERMITTED UNDER YOUR LOCAL LAWS, MICROSOFT EXCLUDES THE IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE AND NON-INFRINGEMENT.
14. LIMITATION ON AND EXCLUSION OF REMEDIES AND DAMAGES. YOU CAN RECOVER FROM MICROSOFT AND ITS SUPPLIERS ONLY DIRECT DAMAGES UP TO U.S. \$5.00. YOU CANNOT RECOVER ANY OTHER DAMAGES, INCLUDING CONSEQUENTIAL, LOST PROFITS, SPECIAL, INDIRECT OR INCIDENTAL DAMAGES.

This limitation applies to (a) anything related to the software, services, content (including code) on third party Internet sites, or third party applications; and (b) claims for breach of contract, breach of warranty, guarantee or condition, strict liability, negligence, or other tort to the extent permitted by applicable law.

It also applies even if Microsoft knew or should have known about the possibility of the damages. The above limitation or exclusion may not apply to you because your state or country may not allow the exclusion or limitation of incidental, consequential or other damages.

Reverera

Below terms are solely applicable for MIKE 2026 and newer versions:

FlexNet Licensing — End-User Terms

Definitions:

"Product" means MIKE 2026 and any newer versions of that software product developed by DHI.

"Redistributables" means the redistributable components of Flexera's FlexNet Licensing technology that are embedded in the Product.

1. Scope

These terms apply to the Redistributables that are embedded in the Product. By using the Product, you agree to these terms.

2. License Grant

You are granted a limited, personal, non-exclusive and non-transferable license to use the Redistributables only to the extent required for the permitted operation of the Product.

3. Restrictions

You may not copy, modify, sub-license, transfer or otherwise deal in the Redistributables except as strictly necessary to operate the Product in accordance with its documentation.

4. Data Connection, Collection and Dissemination

Your use of the Product may involve the connection, collection and dissemination of information between you, DHI and/or Flexera, as applicable. By using the Product, you acknowledge and consent to such data flows to the extent they occur in connection with the Redistributables.

5. Integrity of Redistributables

All copies of the Redistributables included in the Product are exact and unmodified, and the Product adds primary and substantial functionality to the Redistributables.

6. Intellectual Property

All applicable trademark and copyright notices relating to FlexNet Licensing accompany the Redistributables. DHI does not use Flexera's name, logos or trademarks to market DHI's products.

7. Termination

Termination of any FlexNet Licensing license does not require the removal or deletion of the Redistributables from copies of the Product that were distributed prior to the effective date of such termination. However, your right to use the Redistributables is contingent on your continued compliance with these terms and any applicable terms for the use of DHI's products, including MIKE.

"LICENSEE" OR "YOU" AND "YOUR" REFER TO THE PERSON OR ENTITY THAT IS LICENSEE OF THE LICENSED SOFTWARE. 1. DEFINITIONS. 1.1 "Application" means a software application that makes use of or incorporates the RW Libraries in its implementation without exposing any part of the Licensed Software application programming interface either directly or indirectly. 1.2 "Licensed Developer" means a natural person, employed by, or under contract to, Licensee, for whom Licensee has designated as a "Licensed Developer," and for whom Licensee has paid the applicable development license fees required to authorize such natural person to use the Licensed Software to develop Applications on Licensee's behalf. Licenses for Licensed Developers are priced on a per natural person, and per product, or per module, of the Licensed Software basis. 1.3 "Licensed Software" means the Rogue Wave software components, in source code or binary form, for which Licensee has paid the applicable per product or per module license fees, together with the user guides, build guides, reference manuals and other documentation accompanying such software components or otherwise made available by Rogue Wave (collectively, the "Documentation"), any executables delivered with the software components and any modified or updated versions of any of the foregoing made available to Licensee pursuant to Licensee's purchase of Maintenance and Support. Licensed Software does not include any third-party software products that may be embedded in or bundled with the Licensed Software, which products are separately licensed by the copyright holder. 1.4 "Order" means, collectively, a duly authorized quotation issued by Rogue Wave to Licensee that specifies the Licensed Software and may include other terms and conditions governing such Licensed Software (such as the fees and the term of the license) and a purchase order, if applicable, issued by Licensee to Rogue Wave in response to and reflecting such quotation (with no additional or different terms, unless such additional or different terms are expressly accepted by Rogue Wave in writing). 1.5 "Maintenance and Support" means the technical support and software maintenance services on the Licensed Software for which Licensee has paid the applicable Maintenance and Support fees, either separately for perpetual licenses of the Licensed Software, or as included in the subscription license fee for the Licensed Software, as applicable. 1.6 "RW Libraries" means any Licensed Software library, in binary form, intended to be embedded in an Application or used in the execution of an Application.

2. LICENSE GRANTS. 2.1 Development License Grant. Subject to the terms and conditions of this License Agreement, including Licensee's agreement to pay the applicable fees, for the applicable term (perpetual or subscription/time-limited) as is set forth in an Order, Rogue Wave grants to Licensee a nonexclusive, nontransferable, limited right and license to: (a) permit Licensed Developers to install and use the Licensed Software, on a per product or per module basis, for the sole purpose of creating Applications; (b) permit a reasonable number of other persons employed by or under contract to Licensee to install and use the Licensed Software for the sole purpose of building the RW Libraries, and to use the RW Libraries for the sole purpose of linking, compiling, or testing Applications created by Licensed Developers; and (c) copy or have copied the Licensed Software and RW Libraries as necessary for the purpose of exercising the rights granted under this Section 2.1 or for backup or disaster recovery purposes, provided, that Rogue Wave's copyright notice and other proprietary rights notices are reproduced on each copy. 2.2 Deployment and Distribution License Grant. Subject to the terms and conditions of this License Agreement, for the applicable term (perpetual or subscription/time-limited) as is set forth in an Order, Rogue Wave grants to Licensee a nonexclusive, nontransferable, royalty-free, limited right and license to: (a) install and use the RW Libraries in connection with the execution of Applications created in compliance with Section 2.1, on physical hardware or virtual machines owned or leased by Licensee or by contractors under Licensee's control that are located at facilities owned or leased by Licensee or by contractors under Licensee's control; (b) distribute and grant to Licensee's customers pursuant to a license agreement at least as protective of the rights of Rogue Wave as this License Agreement the right to install and use the RW Libraries in connection with the execution of Applications created in compliance with Section 2.1, on physical hardware or on virtual machines owned or leased by the customer or by contractors under the customer's control that are located at facilities owned or leased by the customer or by contractors under the customer's control; and (c) copy or have copied the RW Libraries embedded in or used in the execution of Applications as necessary for the purpose of exercising the rights granted under this Section 2.2 or for back-up or disaster recovery purposes, provided, that Rogue Wave's copyright notice and other proprietary rights notices are reproduced on each copy.

3. LICENSE RESTRICTIONS AND LICENSEE RESPONSIBILITIES. 3.1 Development Restrictions. The development rights granted to Licensee

in Section 2.1 may only be exercised by individual developers employed by or under contract to Licensee that Licensee has designated as "Licensed Developers" and for whom Licensee has paid the applicable per product or per module development license fees. If one Licensed Developer ceases to be employed by or under contract to Licensee or permanently ceases work on projects involving the Licensed Software, then Licensee may designate an alternate developer to replace such Licensed Developer at no additional cost. However, the development license is not a concurrent license that may be used by numerous developers in shifts or on an outsourced basis for a temporary period. Licensee may not create a programmatic interface that makes use of the Licensed Software application programming interfaces for use by any party other than Licensed Developers and must ensure that persons other than Licensed Developers do not have programmatic access to the Licensed Software or RW Libraries either directly or indirectly. Nothing herein shall grant Licensee the right to grant its customers the right to programmatically use or grant others the right to programmatically use the Licensed Software or RW Libraries. 3.2 General Use Limitations. All rights not specifically granted herein are retained by Rogue Wave. Licensee may not, nor may Licensee permit any other person or entity to use, copy, modify, or distribute the Licensed Software (electronically or otherwise), or any copy, adaptation, transcription, or merged portion thereof (including the RW Libraries), or the Documentation except as expressly authorized by Rogue Wave. Licensee may not modify or port the Licensed Software or RW Libraries to 2 Perforce Software perforce.com 400 First Avenue North #400 Minneapolis, MN 55401 +1 612.517.2100 info@perforce.com operate on or deploy the RW Libraries or Applications on platforms or architectures other than those for which it has paid the appropriate fees. Licensee may not, nor may Licensee permit any other person or entity to, reverse assemble, reverse compile, or otherwise translate any binary forms of the Licensed Software, except to the extent applicable laws specifically prohibit such restriction. Licensee's rights may not be transferred, leased, assigned, or sublicensed except as expressly authorized by Rogue Wave in writing. No service bureau work, multiple-user license, or time-sharing arrangement is permitted, except as expressly authorized by Rogue Wave. If Licensee uses, copies, or modifies the Licensed Software or RW Libraries or transfers possession of any copy, adaptation, transcription, or merged portion thereof to any other party in any way not expressly authorized by Rogue Wave, all licenses under this License Agreement are automatically terminated. 3.3 Proprietary Protection. Rogue Wave shall have sole and exclusive ownership of all right, title, and interest in and to the Licensed Software and all modifications and enhancements thereof (including ownership of all trade secrets and copyrights pertaining thereto), subject only to the rights and privileges expressly granted to Licensee herein by Rogue Wave. This License Agreement does not provide Licensee with title or ownership of the Licensed Software, but only a right of limited use. Licensee must keep the Licensed Software free and clear of all claims, liens, and encumbrances. 3.4 Compliance Verification. Licensee must have a commercially reasonable process in place to track the number of developers using the Licensed Software in order to ensure that the appropriate license fees have been paid. Licensee will, upon Rogue Wave's request, certify in writing the number developers using the Licensed Software, on a per product or per module basis, as of the date of the request. In the event Licensee fails to provide such certification within thirty (30) days of Rogue Wave's request, or, if Rogue Wave reasonably believes that a certification provided by Licensee is inaccurate or that Licensee is otherwise not in compliance with the terms of this License Agreement, Licensee will permit Rogue Wave, or a mutually-approved independent representative, to enter Licensee's premises, during regular business hours, to verify Licensee's compliance with the terms of this License Agreement. 3.5 Confidentiality. (a) Confidentiality General Terms. Each party to this License Agreement agrees to keep confidential and to use only for purposes of performing its obligations under this License Agreement, any proprietary or confidential information of the other party disclosed pursuant to this License Agreement that is marked as confidential, is identified at the time of disclosure as confidential, or that would reasonably be considered confidential or proprietary in nature. The obligation of confidentiality shall not apply to information that is publicly available through authorized disclosure, or information that is required to be disclosed by law, government order, or request to be disclosed (provided that the receiving party shall give reasonable advance written notice to the other party prior to such disclosure and an opportunity, at the objecting party's expense, to take legal steps to resist or narrow such request). Licensee acknowledges and agrees that the Licensed Software and its source code shall be deemed as Rogue Wave's confidential information, as more particularly provided in Section 3.5(b) of this License Agreement. Each party's obligations of nondisclosure with regard to proprietary or confidential information are effective as of the date such proprietary or confidential information is first disclosed to the receiving party and will expire five (5) years thereafter; provided, however, that with respect to any proprietary or confidential information that constitutes a trade secret (as determined under applicable laws), such obligations of nondisclosure will survive the termination or expiration of this License Agreement for as long as such proprietary or confidential information remains subject to trade secret protection under applicable laws. (b) Confidentiality of Source Code. Licensee agrees to maintain in confidence the source code version of the Licensed Software by using at least the same physical and other security measures as Licensee uses for its own confidential technical information and documentation, but in no case less than reasonable measures. Licensee further agrees not to disclose the source code version of the Licensed Software, or any aspect thereof (including, without limitation, header files), to anyone other than employees or contractors who have a need to know or obtain access to such information in order to support Licensee's authorized use of the Licensed Software and are bound to protect such information against any other use or disclosure. These obligations shall not apply to any information generally available to the public, ascertainable based on the operation of the binary code version of Applications, independently developed or obtained without reliance on Rogue Wave's information, or as approved for release in writing by Rogue Wave without restriction. 3.6 Development of Applications. The Licensed Software is intended for use by sophisticated developers. Licensee is responsible for selecting persons who are qualified to use the Licensed Software on Licensee's own equipment and are familiar with the Licensed Software. Licensee is also responsible for ensuring a proper environment and proper utilities for the development and execution of Applications utilizing the Licensed Software. Licensee represents that it has the requisite expertise to evaluate the suitability of the Licensed Software and that it has undertaken its own investigation of the suitability of the Licensed Software in the Applications. Licensee represents that it has relied upon its own skill and judgment in selecting the Licensed Software and developing the Applications. 3.7 Relationship with End Users. There are no third-party beneficiaries to this License Agreement. Consequently, Rogue Wave provides no warranty at all

to any person, other than the limited warranty provided to Licensee hereunder. Licensee will be solely responsible for the development of the Applications authorized by this License Agreement and for providing all support or services required or requested by end users of the Applications. Licensee will not make any representations or warranties to its employees, customers, end users or any other third party on Rogue Wave's behalf. Rogue Wave assumes no responsibility under this License Agreement, either directly or indirectly, for damages to Licensee or third parties resulting from the direct or indirect use of the Applications created by or on behalf of Licensee and Licensee shall defend and hold harmless Rogue Wave from any such damages. Licensee hereby agrees to indemnify and hold harmless Rogue Wave from and against all claims, actions, or demands arising with respect to Applications developed and/or distributed by Licensee, with the sole exception of those matters for which Rogue Wave bears responsibility under Section 7 of this License Agreement. The foregoing indemnity shall be contingent upon Rogue Wave: (a) giving written notice to the Licensee of any claim, demand, or action for which indemnity is sought; (b) fully cooperating in the defense or settlement of any such claim, demand, or action; and (c) obtaining the prior written agreement of the Licensee to any settlement or proposal of settlement.

3.8 Remedies. Licensee acknowledges that, in the event of Licensee's breach of any of the foregoing provisions, Rogue Wave will not have an adequate remedy in money or damages. Rogue Wave will therefore be entitled to obtain an injunction against such breach from any court of competent jurisdiction immediately upon request without posting a bond. Rogue Wave's right to obtain injunctive relief shall not limit its right to seek further remedies.

4. MAINTENANCE AND SUPPORT OF LICENSED SOFTWARE. Rogue Wave or its authorized resellers shall provide Maintenance and Support on the Licensed Software at the level and for the period for which Licensee has paid the applicable fees as specified in on the Order. Maintenance and Support services provided by Rogue Wave are provided in accordance with Rogue Wave's standard maintenance and support and obsolescence policies, which are subject to change. Maintenance and Support is limited to platforms listed on Rogue Wave's current product support matrix, which is also subject to change. Licensee is responsible for ensuring that its development and deployment environment is on the current product support matrix. Off-matrix support is available from Rogue Wave for an additional fee.

5. FEES AND PAYMENT. Licensee fees and Maintenance and Support fees will be as set forth on the applicable Order. All license fees and Maintenance and Support fees that are invoiced to Licensee will be payable by Licensee in United States Dollars. All invoices shall be due and payable within thirty (30) days after the invoice date, unless otherwise set forth on the Order. If Licensee fails to pay any amounts due under this License Agreement by the due date, Rogue Wave will have the right to charge interest at a rate equal to the lesser of 1.5% per month, or the maximum rate permitted by applicable law, until Licensee pays all amounts due.

3 Perforce Software perforce.com 400 First Avenue North #400 Minneapolis, MN 55401 +1 612.517.2100 info@perforce.com Licensee is required to pay any sales, use GST, value-added withholding, or similar taxes or levies, whether domestic or foreign, other than taxes based on the income of Rogue Wave. Rogue Wave may adjust the fees to be charged to Licensee hereunder on notice (electronic notice is sufficient) or invoice delivered to Licensee at least thirty (30) days prior to the end of the then-current subscription term, or Maintenance and Support term. As applicable (and such fees will take effect beginning on the start of the next term). Notwithstanding the foregoing, Rogue Wave may increase the fees for any term over the fees from the preceding term, and except as expressly set forth in Section 6.1, all fees are non-refundable.

6. LIMITED WARRANTY, DISCLAIMER AND LIMITATION OF LIABILITY.

6.1 Limited Warranty. Rogue Wave warrants to Licensee that the unaltered Licensed Software, when used as permitted under the License Agreement and in accordance with the instructions in the Documentation, will operate substantially as described in the Documentation for a period of thirty (30) days from the date of delivery (the "Software Warranty Period"). The Licensed Software is provided to Licensee as source code and is for use by sophisticated software developers, and Rogue Wave does not warrant that use of the Licensed Software will be uninterrupted or error-free, that all errors will be corrected, or that use of the Licensed Software will meet Licensee's needs. Rogue Wave will, at its own expense and as its sole obligation and Licensee's sole and exclusive remedy for any breach of this warranty, use commercially reasonable efforts to correct any reproducible error in the Licensed Software reported to Rogue Wave by Licensee in writing during the Software Warranty Period; provided, however, that no such error correction provided to Licensee will extend the original Software Warranty Period. If Rogue Wave determines that it is unable to correct the error, Rogue Wave may, upon approval by Licensee, refund to Licensee the fees paid by the Licensee for the defective Licensed Software and terminate the License Agreement and all licenses granted herein. In the event Licensee does not approve of such refund and termination of the License Agreement, Licensee will be entitled to keep the Licensed Software and use it pursuant to the licenses granted herein; provided, however, that Rogue Wave will not be obligated to provide Maintenance and Support for the Licensed Software that is impacted by the reported defect.

6.2 Exclusions. The limited warranty set forth above will not apply to defects resulting from, or because of, modifications made to the Licensed Software by anyone other than Rogue Wave, misuse, failure of media not furnished by Rogue Wave, operation with media, software or equipment not authorized by Rogue Wave in the Documentation or not meeting or not maintained in accordance with the supplier's specifications or causes other than ordinary use. The warranty set forth above will not be enlarged, diminished, or affected by, and no obligation or liability will arise from, Rogue Wave's rendering of technical advice, assistance or service in connection with Licensee's selection or use of the Licensed Software. Certain open source or other-vendor software may be distributed with the Licensed Software or recommended in connection with its installation and use. Such products are provided or recommended for Licensee's convenience only. Rogue Wave makes no representation or warranty of any kind regarding such products. Rogue Wave offers no support for such products and shall have no liability associated with their use. Licensee's use of these products shall be in accordance with the licenses for such products, copies of which are included with the products and/or in the Rogue Wave documentation.

6.3 DISCLAIMER. EXCEPT FOR THE LIMITED WARRANTY SET FORTH IN SECTION 6.1 ABOVE, THE LICENSED SOFTWARE IS PROVIDED "AS IS," WITHOUT REPRESENTATIONS OR WARRANTIES OF ANY KIND. ROGUE WAVE SPECIFICALLY DISCLAIMS ALL OTHER PROMISES, REPRESENTATIONS OR WARRANTIES, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, TITLE AND NON-INFRINGEMENT, AND ANY IMPLIED WARRANTY ARISING FROM COURSE OF PERFORMANCE OR COURSE OF DEALING.

6.4 LIMITATION OF LIABILITY. THE CUMULATIVE LIABILITY OF ROGUE

WAVE TO LICENSEE FOR ALL CLAIMS RELATING TO THE LICENSED SOFTWARE AND THIS LICENSE AGREEMENT, INCLUDING ANY CAUSE OF ACTION SOUNDING IN CONTRACT, TORT, OR STRICT LIABILITY, SHALL NOT EXCEED THE TOTAL AMOUNT OF ALL LICENSE FEES PAID TO ROGUE WAVE HEREUNDER. THIS LIMITATION OF LIABILITY IS INTENDED TO APPLY WITHOUT REGARD TO WHETHER OTHER PROVISIONS OF THIS LICENSE AGREEMENT HAVE BEEN BREACHED OR HAVE PROVEN INEFFECTIVE. THIS LIMITATION OF LIABILITY SHALL NOT APPLY TO THE INDEMNIFICATION PROVIDED IN SECTION 7 HEREOF. ROGUE WAVE SHALL HAVE NO LIABILITY FOR LOSS OF DATA OR DOCUMENTATION, IT BEING UNDERSTOOD THAT LICENSEE IS RESPONSIBLE FOR REASONABLE BACK-UP PRECAUTIONS. IN NO EVENT SHALL ROGUE WAVE BE LIABLE FOR ANY LOSS OF PROFITS; ANY INCIDENTAL, SPECIAL, EXEMPLARY, OR CONSEQUENTIAL DAMAGES; OR ANY CLAIMS OR DEMANDS BROUGHT AGAINST LICENSEE, EVEN IF ROGUE WAVE HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH CLAIMS OR DEMANDS. THIS LIMITATION UPON DAMAGES AND CLAIMS IS INTENDED TO APPLY WITHOUT REGARD TO WHETHER OTHER PROVISIONS OF THIS LICENSE AGREEMENT HAVE BEEN BREACHED OR HAVE PROVEN INEFFECTIVE. LICENSEE MAY HAVE ADDITIONAL RIGHTS UNDER CERTAIN LAWS (E.G., CONSUMER LAWS) THAT DO NOT ALLOW THE EXCLUSION OF IMPLIED WARRANTIES, OR THE EXCLUSION OR LIMITATION OF CERTAIN DAMAGES. IF SUCH LAWS APPLY, CERTAIN EXCLUSIONS OR LIMITATIONS MAY NOT APPLY TO LICENSEE; HOWEVER, ALL OTHER RESTRICTIONS AND LIMITATIONS SHALL REMAIN IN EFFECT.

7. INDEMNIFICATION. Rogue Wave agrees to defend Licensee from and against any third-party claims alleging that the Licensed Software furnished and used within the scope of this Agreement infringes or misappropriates a U.S. patent issued as of the Effective Date, copyright, trademark or trade secret and will pay all final judgments awarded or settlements entered into on such claims. The foregoing indemnity obligation shall not extend to any claims of infringement arising out of or related to (i) a modification of a Licensed Software by anyone other than Rogue Wave or its duly authorized agent; (ii) the incorporation into the Licensed Software of any information provided by or requested by Licensee; (iii) a combination of the Licensed Software with any third party software or equipment not specified in the Documentation and where such combination is the cause of such infringement; or (iv) the use of a version of a Licensed Software other than the then-current version if the infringement would have been avoided by using of the then-current version. In the event the Licensed Software is held or is believed by Rogue Wave to infringe, Rogue Wave may, at its sole option and expense, elect to (a) modify the Licensed Software so that it is non-infringing; (b) replace the Licensed Software with non-infringing Licensed Software which is functionally equivalent; (c) obtain a license for Licensee to continue to use the Licensed Software as provided hereunder; or if none of (a), (b), or (c) is commercially reasonable, then (d) terminate the license for the infringing Licensed Software and refund the license fees paid for that Licensed Software, prorated over a five (5) year term from the Effective Date. THIS SECTION 7 STATES ROGUE WAVE'S ENTIRE LIABILITY AND LICENSEE'S SOLE AND EXCLUSIVE REMEDY FOR ANY INFRINGEMENT OF THIRD-PARTY PROPRIETARY RIGHTS OF ANY KIND. Rogue Wave's indemnification obligations under this Section 7 are conditioned upon the Licensee: (a) giving prompt notice of the claim to Rogue Wave; (b) granting sole control of the defense or settlement of the claim or action to Rogue Wave; and (c) providing reasonable cooperation to Rogue Wave and, at Rogue Wave's request and expense, assistance in the defense or settlement of the claim.

8. TERMINATION.

8.1 Term. The term of this License Agreement will begin as of the date that Licensee receives the Licensed Software and will remain in effect perpetually unless terminated under this Section 8.

8.2 Termination for Cause. Rogue Wave may terminate this License Agreement if Licensee breaches its obligations hereunder. Rogue Wave will begin the termination process by giving Licensee notice of termination, specifying therein the alleged breach. If the breach is curable, Licensee will have a grace period of thirty (30) days after such notice is served to cure the breach described therein. If the breach is cured within the thirty (30) day grace period, then this License Agreement will remain in effect; otherwise, this License Agreement will automatically terminate upon the conclusion of the thirty (30) day grace period.

8.3 Effect of Termination. Upon termination of the License Agreement for any reason the following terms shall apply: (a) all rights granted under this License Agreement will immediately terminate and Licensee must immediately stop all use of the Licensed Software; (b) Licensee must return to Rogue Wave or destroy all copies of the Licensed Software provided to or made by or on behalf of Licensee, and will, within ten (10) days after the effective date of termination, provide Rogue Wave with written certification that all such copies have been returned or destroyed; and (c) all provisions of this License Agreement with the exception of the licenses granted in Section 2 and Maintenance and Support obligations set forth in Section 4 will survive termination of this License Agreement for any reason. Termination of the License Agreement will not affect Licensee's obligation to pay all amounts accrued hereunder prior to the effective date of termination.

9. MISCELLANEOUS.

9.1 Severability. If any term or provision of the License Agreement is found to be invalid under any applicable statute or rule of law, then, that provision notwithstanding, the License Agreement will remain in full force and effect, and in such event, such provision will be changed and interpreted so as to best accomplish the objectives of such unenforceable or invalid provision within the limits of applicable law or applicable court decisions.

9.2 Force Majeure. Neither party will be deemed to be in breach of this License Agreement, nor otherwise liable to the other, by reason of any delay in performance or non-performance of any of its obligations under this License Agreement arising out matters beyond the reasonable control of a party, including, war, strikes, lock outs, or industrial disputes (except in relation to a party's own workforce), outbreak of hostilities, riots, civil disturbances, pandemics, epidemics, or quarantines, acts or orders of any government department or constituted body, fire, explosion, earthquake, flood, acts of God, or acts of terrorism; provided, however, that no event will be treated as beyond the reasonable control of a party if it is attributable to a willful act or omission by such party, or any failure by such party to take reasonable precautions or any failure to mitigate or take reasonable steps to overcome such event. If the performance of the impacted party is prevented for a period of thirty (30) days or more, the party not affected may terminate this License Agreement upon providing seven (7) days' advance written notice to the affected party.

9.3 Governing Law/Forum Selection. The License Agreement and the parties' rights and obligations hereunder shall be solely and exclusively construed, interpreted and enforced under and in accordance with the laws of the State of Delaware, United States of America,

without any reference to conflicts of law principles. The parties agree that the U.N. Convention on the International Sale of Goods shall not apply to the License Agreement. All disputes between the parties shall be brought and resolved solely and exclusively in the state or federal courts located in the State of Delaware, United States of America. Both parties hereby irrevocably consent to the jurisdiction of such courts and service of process in connection therewith. Any judgment rendered by such courts may be entered and enforced by any court having jurisdiction over the party against which an award is entered or its assets. Both parties hereby irrevocably waive any objections to the jurisdiction of such courts based on any ground, including without limitation improper venue or forum non conveniens.

9.4 No Joint Venture. Nothing contained in the License Agreement will be construed so as to make the parties partners or joint venturers or to permit either party to bind the other party to any agreement or purport to act on behalf of the other party in any respect.

9.5 Waiver and Modifications. Failure by either party to enforce any rights under this License Agreement will not be construed as a waiver of such rights, and a waiver by either party of a default hereunder in one or more instances will not be construed as constituting a continuing waiver or as a waiver in other instances. No modification of this License Agreement shall be binding unless it is in writing and is signed by an authorized representative of the party against whom enforcement of the modification is sought.

9.6 Import/Export Law. Licensee may not import, use, or otherwise export or re-export the Licensed Software except as authorized by United States law and the laws of the jurisdiction in which the Licensed Software was obtained.

9.7 Taxes. License fees and Maintenance and Support fees are exclusive of, and Licensee will pay, all shipping charges and all taxes, duties and other charges or fees imposed by governmental authorities arising out of the License Agreement or the use of the Licensed Software by Licensee and its Licensed Developer(s). In addition, if any Licensed Software will be delivered to points outside of the United States, all export duties, import duties, tariffs, value added taxes, licenses and other similar taxes, duties and fees will be paid by Licensee. If Licensee is required by the laws of any jurisdiction to deduct or withhold from any payment to Rogue Wave any income taxes which may be levied against Rogue Wave, then Licensee's payment shall be increased to an amount equal to the pre-tax payment due divided by a factor equal to one minus the applicable foreign tax rate. The tax shall then be applied to and deducted from the increased payment.

9.8 U.S. Government Rights. The Licensed Software is a "commercial item" as that term is defined at 48 C.F.R. 2.101, consisting of "commercial computer software" and "commercial computer software documentation" as such terms are used in 48 C.F.R. 12.212. Consistent with 48 C.F.R. 12.212 and 48 C.F.R. 227.7202-1 through 227.7202-4, all U.S. Government end users acquire the Licensed Software with only those rights set forth in this License Agreement.

9.9 Assignment. This License Agreement, or any of your rights and obligations under this License Agreement, cannot be assigned or otherwise transferred in whole or in part, and any such attempted assignment or transfer by Licensee in violation of the foregoing will be null and void.

9.10 Entire Agreement. This License Agreement, including all invoices hereunder, constitutes the sole and entire agreement of the parties with respect to the subject matter hereof and supersedes and cancels any prior and contemporaneous oral or written proposals, promises, or agreements. There are no promises, covenants, or undertakings other than those expressly set forth in this License Agreement. If Licensee issues a Licensee purchase order, or any other Licensee-generated documentation, and the terms and conditions conflict with this License Agreement, the terms and conditions contained in this License Agreement, including all invoices incorporated hereunder, will control. For purposes of clarity, no terms, or conditions, including any pre-printed or boilerplate terms and conditions, stated in any Licensee purchase order, or in any other Licensee documentation, will be incorporated into or form any part of this License Agreement, and all such terms or conditions will be null and void and of no force and effect.

9.11 English Language. The parties hereto have expressly required that the present License Agreement be drawn up in the English language. / Les parties aux présentes, ont expressément exigé que la présente Convention soient rédigées en langue anglaise.

10. EVALUATION LICENSE. The terms of this Section 10 shall solely apply to Licensed Software licensed for purposes of Evaluation (the "Evaluation Software"). The terms of Sections 2, 6.1, 6.2, 6.3 and 8 shall not apply to the parties' rights and obligations with respect to Evaluation Software.

10.1 Rights and Restrictions. (a) Rogue Wave grants Licensee a non-exclusive, non-transferable license to (i) install the Evaluation Software on Licensee's internal server in the country to which such Evaluation Software is delivered, and (ii) use the Evaluation Software for the sole purpose of internally evaluating the Evaluation Software, for a period agreed to in writing between Licensee and Rogue Wave, or the period specified in the applicable license key delivered to Licensee for the Evaluation Software and any extensions thereto (the "Trial Period"). Licensee may not make use of the Evaluation Software and the Output for any commercial or production purposes. Licensee shall not make the Evaluation Software, and the Output available to any third parties. 5 Perforce Software perforce.com 400 First Avenue North #400 Minneapolis, MN 55401 +1 612.517.2100 info@perforce.com (b) Rogue Wave may provide Licensee with limited installation support for the Evaluation Software during the Trial Period. (c) Upon the expiration of the Trial Period, the license granted in Section 10.1(a) above shall terminate, and Licensee shall uninstall and cease use of the Evaluation Software. Rogue Wave may also include a "time bomb" within the Evaluation Software that shall prevent use of the Evaluation Software after the Trial Period has expired. Notwithstanding the Trial Period, this License Agreement shall terminate immediately upon notice from Rogue Wave if Licensee fails to comply with any provision of this License Agreement.

10.2 Exclusion of Warranties. ALL EVALUATION SOFTWARE AND MAINTENANCE SUPPORT SERVICES THAT ARE PROVIDED BY ROGUE WAVE OR ANY OF ITS AFFILIATES ARE PROVIDED "AS IS." NO WARRANTIES OR COMMITMENTS, EXPRESS OR IMPLIED, ARE MADE WITH RESPECT TO THE EVALUATION SOFTWARE OR MAINTENANCE AND SUPPORT SERVICES SUPPLIED BY ROGUE WAVE HEREUNDER, INCLUDING, WITHOUT LIMITATION, ANY IMPLIED WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, SYSTEMS INTEGRATION, TITLE, SATISFACTORY QUALITY AND NON-INFRINGEMENT. THE SOLE REMEDY OF LICENSEE FOR ANY ASSERTED DEFECT, ERROR, OR OTHER SHORTCOMING IN THE EVALUATION SOFTWARE IS THAT LICENSEE MAY REQUEST MAINTENANCE AND SUPPORT SERVICES FOR EVALUATION SOFTWARE

"TeeChart Standard Business for .NET (Native C#.NET version)"

END-USER LICENSE AGREEMENT FOR STEEMA SOFTWARE S.L.
IMPORTANT- READ CAREFULLY BEFORE INSTALLING THE SOFTWARE.

This End User License Agreement (this "EULA") contains the terms and conditions regarding your use of the SOFTWARE (as defined below) and material limitations to your rights in that regard. You should read this EULA carefully.

By installing the TeeChart for .NET software (hereinafter the "SOFTWARE"), you are accepting the following EULA.

I. THIS EULA.

1. Software Covered by this EULA.

This EULA governs your use of the Steema Software SL ("Steema") SOFTWARE enclosed either as part of a SOFTWARE installer or otherwise accompanied herewith. The term "SOFTWARE" includes, to the extent provided by Steema: 1) any revisions, updates and/or upgrades thereto; 2) any data, image or executable files, databases, data engines, computer software, or similar items customarily used or distributed with computer software products; 3) anything in any form whatsoever intended to be used with or in conjunction with the SOFTWARE; and 4) any associated media, documentation (including physical, electronic and online) and printed materials (the "Documentation").

2. This EULA is a legal agreement between you and Steema.

If you are acting as an agent of a company or another legal person, such as an officer or other employee acting for your employer, then "you" and "your" mean your principal, the entity or other legal person for whom you are acting. However, importantly, even if you are acting as an agent for another, you may still be personally liable for violation of laws such as copyright infringement.

This EULA is a legal agreement between you and Steema. You intend to be legally bound to this EULA to the same extent as if Steema and you physically signed this EULA. By installing, copying, or otherwise using the SOFTWARE, you agree to be bound by the terms and conditions contained in this EULA. If you do not agree to all of the terms and conditions contained in this EULA, you may not install or use the SOFTWARE. If you have already installed or begun to install the SOFTWARE you should cancel any

install in progress and uninstall the SOFTWARE. If you do not agree to all of these terms and conditions, then you must promptly return the uninstalled SOFTWARE to the place from which you purchased it in accordance with the return policies of that place.

II. YOUR LICENSE TO DEVELOP AND TO DISTRIBUTE.

Detailed below, this EULA grants you three licenses: 1) a license to use the SOFTWARE to develop other software products (the "Development License"); 2) a license to use and/or distribute the Developed Software (the "Distribution License"); and 3) a license to use and/or distribute the Developed Software on a Network Server (the "Web Server License"). All of these licenses (individually and collectively, the "Licenses") are explained and defined in more detail below.

1. Definitions. Terms and their respective meanings as used in this EULA:

"Developer" means a person using the SOFTWARE in accordance with the terms and conditions of this EULA.

"Network Server" means a computer with one or more computer central processing units (CPU's) that operates for the purpose of serving other computers logically or physically connected to it, including, but not limited to, other computers connected to it on an internal network, intranet or the Internet. "Web Server" means a type of Network Server that serves other computers more particularly connected to it over an intranet or the Internet.

"Developed Software" means those computer software products that are developed by or through the use of the SOFTWARE.

"Developed Web Server Software" means those Developed Software products that reside logically or physically on at least one Web Server and are operated (executed therein) by the Web Server's central processing unit(s) (CPU). "Developed Desktop Software" means those Developed Software products that are not Developed Web Server Software, including, for example, standalone applications. "Redistributable Files" means the SOFTWARE files or other portions of the SOFTWARE that are provided by Steema and are identified as such in the Documentation for distribution by you with the Developed Software. "Developer" means a person using the SOFTWARE in accordance with the terms and conditions of this EULA.

"Seat" is a computer on which the SOFTWARE is installed.

"Developer seat" is the use of one "Per seat" licensed copies of the SOFTWARE by one concurrent Developer.

"Development License" defines the right to use the SOFTWARE for development purposes. Every machine installing, running and/or using the SOFTWARE for development purposes must have a licensed copy and its appropriate license.

"Subscription period" is the period during which an active subscription agreement exists as confirmed in writing by Steema, usually at the moment of subscription purchase.

2. Your Development License.

You are hereby granted a limited, royalty-free, non-exclusive right to use the SOFTWARE to design, develop, and test Developed Software, on the express condition that, and only for so long as, you fully comply with all terms and conditions of this EULA.

The SOFTWARE is licensed to you on a Per Seat License basis.

The Development License means that one Developer may install two seats not to be used concurrently, performing a maximum of two installs of the SOFTWARE for use in designing, testing and creating Developed Software on two single computers with a single set of input devices, restricting the use of the SOFTWARE to a maximum of one concurrent seat. Conversely, you may not install or use the SOFTWARE on a computer that is a network server or a computer at which the SOFTWARE is used by more than one Developer. You may not network the SOFTWARE or any component part of it, where it is or may be used by more than one Developer unless you purchase an additional Development License for each Developer. You must purchase another separate license to the SOFTWARE in order to add additional developer seats if the additional developers are accessing the SOFTWARE on a computer network. If the SOFTWARE is used to create Developed Web Server Software, then you may perform a single install of the SOFTWARE for use in designing, testing and creating Developed Web Server Software by a single Developer on a single computer or Network Server. No additional End User Licenses are required for additional CPUs on the single computer or Network Server.

In all cases, you may not use Steema's name, logo, or trademarks to market your Developed Software without the express written consent of Steema; agree to indemnify, hold harmless, and defend Steema, its suppliers and resellers, from and against any claims or lawsuits, including lawyer's fees that may arise from the use or distribution of your Developed Software; you may use the SOFTWARE only to create Developed Software that is significantly different than the SOFTWARE.

3. Your Distribution License.

License to Distribute Developed Desktop Software. Subject to the terms and conditions in this EULA, you are granted the license to use and to distribute Developed Desktop Software on a royalty-free basis, provided that the Developed Desktop Software incorporates the SOFTWARE as an integral part of the Developed Software in machine language compiled format (customarily an ".exe", or ".dll", etc.). You may not distribute, bundle, wrap or subclass the SOFTWARE as Developed Software which, when used in a "design time" development environment, exposes the programmatic interface of the SOFTWARE. You may distribute, on a royalty-free basis, Redistributable Files with Developed Desktop Software only.

4. Your Web Server License.

Subject to the terms and conditions in this EULA, you are granted the license to use and to distribute Developed Web Server Software, provided that you must purchase one Web Server License for each Network Server operating the Developed Web Server Software (and/or Redistributable Files called or otherwise used directly by the Developed Web Server Software). Notwithstanding the foregoing, however, you may distribute or transfer, free of royalties, the Redistributable Files (and/or any Developed Desktop Software) to the extent that they are used separately on the client/workstation side of the network served by the Web Server.

5. License Serial Number.

Upon purchase of the SOFTWARE a unique serial number (the "Serial Number") is provided by Steema either electronically or via the delivery channel. The Serial number provides a means to install and Register the SOFTWARE. The Serial Number is subject to the restrictions set forth in this EULA and may not be disclosed or distributed either with your Developed Software or in any other way. The disclosure or distribution of the Serial Number shall constitute a breach of this EULA, the effect of which shall be the automatic termination and revocation of all the rights granted herein.

6. Updates/Upgrades.

Subject to the terms and conditions of this EULA, the Licenses are perpetual. Updates, bug fixes and upgrades to the SOFTWARE may be provided by Steema at their discretion at timely intervals only during the Subscription period though Steema does not commit to providing such updates or upgrades, and, if so provided by Steema, are provided upon the terms and conditions offered at that time by Steema.

7. Evaluation or Beta Copy.

If you are using an "evaluation copy", "Beta" copy or similar version, specifically designated as such by Steema on its website or otherwise, then the Licenses are limited as follows: a) you are granted a license to use the SOFTWARE for a period of fifty (50) days counted from the day of installation (the "Evaluation Period"); b) upon completion of the Evaluation Period, you shall either i) delete the SOFTWARE from the computer containing the installation, or you may ii) contact Steema or one of its authorized dealers to purchase a license of the SOFTWARE, which is subject to the terms and limitations contained herein; and c) any Developed Software developed with an evaluation or Beta copy may not be distributed or used for any commercial purpose.

III. INTELLECTUAL PROPERTY.

1. Copyright.

You agree that all right, title, and interest in and to the SOFTWARE (including, but not limited to, any images, photographs, code examples and text incorporated into the SOFTWARE), and any copies of the SOFTWARE, and any copyrights and other intellectual properties therein or related thereto are owned exclusively by Steema, except to the limited extent that Steema may be the rightful license holder of certain third-party technologies incorporated into the SOFTWARE. The SOFTWARE is protected by copyright laws and international treaty provisions. The SOFTWARE is licensed to you, not sold to you. Steema reserves all rights not otherwise expressly and specifically granted to you in this EULA.

2. Backups.

You may make one copy the SOFTWARE solely for backup or archival purposes.

3. General Limitations.

You may not reverse engineer, decompile, or disassemble the SOFTWARE, except and only to the extent that applicable law expressly permits such activity notwithstanding this limitation.

4. Software Transfers.

You may not rent or lease the SOFTWARE. You may transfer the SOFTWARE to another computer, provided that it is completely removed from the computer from which it was transferred. You may permanently transfer all of your rights under the EULA, provided that you retain no copies, that you transfer all the SOFTWARE (including all component parts, the media and printed materials, any dates, upgrades, this EULA and, if applicable, the Certificate of Authenticity), and that the recipient agrees to the terms and conditions of this EULA as provided herein. Steema should be notified in writing of license transfers where the company of the recipient is different to that of the original licensee. If the SOFTWARE is an update or upgrade, any transfer must include all prior versions of the SOFTWARE.

5. Termination.

Without prejudice to any other rights it may have, Steema may terminate this EULA and the Licenses if you fail to comply with the terms and conditions contained herein. In such an event, you must destroy all copies of the SOFTWARE and all of its component parts.

IV. DISCLAIMER and WARRANTIES

1. Disclaimer

Steema's entire liability and your exclusive remedy under this EULA shall be, at Steema's sole option, either (a) return of the price paid for the SOFTWARE; (b) repair the SOFTWARE through updates distributed online. Steema cannot and does not guarantee that any functions contained in the Software will meet your requirements, or that its operations will be error free. The entire risk as to the Software performance or quality, or both, is solely with the user and not Steema. You assume responsibility for the selection of the component to achieve your intended results, and for the installation, use, and results obtained from the SOFTWARE.

2. Warranty.

Steema makes no warranty, to the maximum extent permitted by law, either implied or expressed, including with-out limitation any warranty with respect to this Software documented here, its quality, performance, or fitness for a particular purpose. In no event shall Steema be liable to you for damages, whether direct or indirect, incidental, special, or consequential arising out the use of or any defect in the Software, even if Steema has been advised of the possibility of such damages, or for any claim by any other party. All other warranties of any kind, either express or implied, including but not limited to the implied warranties of merchantability and fitness for a particular purpose, are expressly excluded.

V. MISCELLANEOUS.

1. This is the Entire Agreement.

This EULA (including any addendum or amendment to this EULA included with the SOFTWARE) is the final, complete and exclusive statement of the entire agreement between you and Steema relating to the SOFTWARE. This EULA supersedes any prior and contemporaneous proposals, purchase orders, advertisements, and all other communications in relation to the subject matter of this EULA, whether oral or written. No terms or conditions, other than those contained in this EULA, and no other understanding or agreement which in any way modifies these terms and conditions, shall be binding upon the parties unless entered into in writing executed between the parties, or by other non-oral manner of agreement whereby the parties objectively and definitively act in a manner to be bound (such as by continuing with an installation of the SOFTWARE, "clicking-through" a questionnaire, etc.) Employees, agents and other representatives of Steema are not permitted to orally modify this EULA.

2. You Indemnify Steema.

You agree to indemnify, hold harmless, and defend Steema and its suppliers and resellers from and against any and all claims or lawsuits, including attorney's fees, that arise or result from this EULA.

3. Interpretation of this EULA.

If for any reason a court of competent jurisdiction finds any provision of this EULA, or any portion thereof, to be unenforceable, that provision of this EULA will be enforced to the maximum extent permissible so as to effect the intent of the parties, and the remainder of this EULA will continue in full force and effect. Formatives of defined terms shall have the same meaning of the defined term. Failure by either party to enforce any provision of this EULA will not be deemed a waiver of future enforcement of that or any other provision. Except as otherwise required or superseded by law, this EULA is governed by the laws of Spain. If the SOFTWARE was acquired outside of Spain, then local law may apply.

This Agreement is governed by the laws of the Commonwealth of Massachusetts. The application to this Agreement of the United Nations Convention on Contracts for the International Sale of Goods is hereby expressly excluded. In the event any provision of this Agreement shall be deemed unenforceable, void or invalid, such provision shall be modified so as to make it valid and enforceable, and as so modified the entire Agreement shall remain in full force and effect. No decision, action or inaction by LICENSOR shall be construed to be a waiver of any rights or remedies available to it.

TERMS AND CONDITIONS FOR USE, REPRODUCTION, AND DISTRIBUTION

1. Definitions.

"License" shall mean the terms and conditions for use, reproduction, and distribution as defined by Sections 1 through 9 of this document.

"Licensor" shall mean the copyright owner or entity authorized by the copyright owner that is granting the License.

"Legal Entity" shall mean the union of the acting entity and all other entities that control, are controlled by, or are under common control with that entity. For the purposes of this definition, "control" means (i) the power, direct or indirect, to cause the direction or management of such entity, whether by contract or otherwise, or (ii) ownership of fifty percent (50%) or more of the outstanding shares, or (iii) beneficial ownership of such entity.

"You" (or "Your") shall mean an individual or Legal Entity exercising permissions granted by this License.

"Source" form shall mean the preferred form for making modifications, including but not limited to software source code, documentation source, and configuration files.

"Object" form shall mean any form resulting from mechanical transformation or translation of a Source form, including but not limited to compiled object code, generated documentation, and conversions to other media types.

"Work" shall mean the work of authorship, whether in Source or Object form, made available under the License, as indicated by a copyright notice that is included in or attached to the work (an example is provided in the Appendix below).

"Derivative Works" shall mean any work, whether in Source or Object form, that is based on (or derived from) the Work and for which the editorial revisions, annotations, elaborations, or other modifications represent, as a whole, an original work of authorship. For the purposes of this License, Derivative Works shall not include works that remain separable from, or merely link (or bind by name) to the interfaces of, the Work and Derivative Works thereof.

"Contribution" shall mean any work of authorship, including the original version of the Work and any modifications or additions to that Work or Derivative Works thereof, that is intentionally submitted to Licensor for inclusion in the Work by the copyright owner or by an individual or Legal Entity authorized to submit on behalf of the copyright owner. For the purposes of this definition, "submitted" means any form of electronic, verbal, or written communication sent to the Licensor or its representatives, including but not limited to communication on electronic mailing lists, source code control systems, and issue tracking systems that are managed by, or on behalf of, the Licensor for the purpose of discussing and improving the Work, but excluding communication that is conspicuously marked or otherwise designated in writing by the copyright owner as "Not a Contribution."

"Contributor" shall mean Licensor and any individual or Legal Entity on behalf of whom a Contribution has been received by Licensor and subsequently incorporated within the Work.

2. Grant of Copyright License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable copyright license to reproduce, prepare Derivative Works of, publicly display, publicly perform, sublicense, and distribute the Work and such Derivative Works in Source or Object form.

3. Grant of Patent License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable (except as stated in this section) patent license to make, have made, use, offer to sell, sell, import, and otherwise transfer the Work, where such license applies only to those patent claims licensable by such Contributor that are necessarily infringed by their Contribution(s) alone or by combination of their Contribution(s) with the Work to which such Contribution(s) was submitted. If You institute patent litigation against any entity (including a cross-claim or counterclaim in a lawsuit) alleging that the Work or a Contribution incorporated within the Work constitutes direct or contributory patent infringement, then any patent licenses granted to You under this License for that Work shall terminate as of the date such litigation is filed.

4. Redistribution. You may reproduce and distribute copies of the Work or Derivative Works thereof in any medium, with or without modifications, and in Source or Object form, provided that You meet the following conditions:

(a) You must give any other recipients of the Work or Derivative Works a copy of this License; and

(b) You must cause any modified files to carry prominent notices stating that You changed the files; and

(c) You must retain, in the Source form of any Derivative Works that You distribute, all copyright, patent, trademark, and attribution notices from the Source form of the Work, excluding those notices that do not pertain to any part of the Derivative Works; and

(d) If the Work includes a "NOTICE" text file as part of its distribution, then any Derivative Works that You distribute must include a readable copy of the attribution notices contained within such NOTICE file, excluding those notices that do not pertain to any part of the Derivative Works, in at least one of the following places: within a NOTICE text file distributed as part of the Derivative Works; within the Source form or documentation, if provided along with the Derivative Works; or, within a display generated by the Derivative Works, if and wherever such third-party notices normally appear. The contents of the NOTICE file are for informational purposes only

and do not modify the License. You may add Your own attribution notices within Derivative Works that You distribute, alongside or as an addendum to the NOTICE text from the Work, provided that such additional attribution notices cannot be construed as modifying the License.

You may add Your own copyright statement to Your modifications and may provide additional or different license terms and conditions for use, reproduction, or distribution of Your modifications, or for any such Derivative Works as a whole, provided Your use, reproduction, and distribution of the Work otherwise complies with the conditions stated in this License.

5. **Submission of Contributions.** Unless You explicitly state otherwise, any Contribution intentionally submitted for inclusion in the Work by You to the Licensor shall be under the terms and conditions of this License, without any additional terms or conditions. Notwithstanding the above, nothing herein shall supersede or modify the terms of any separate license agreement you may have executed with Licensor regarding such Contributions.
6. **Trademarks.** This License does not grant permission to use the trade names, trademarks, service marks, or product names of the Licensor, except as required for reasonable and customary use in describing the origin of the Work and reproducing the content of the NOTICE file.
7. **Disclaimer of Warranty.** Unless required by applicable law or agreed to in writing, Licensor provides the Work (and each Contributor provides its Contributions) on an "AS IS" BASIS, WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express or implied, including, without limitation, any warranties or conditions of TITLE, NON-INFRINGEMENT, MERCHANTABILITY, or FITNESS FOR A PARTICULAR PURPOSE. You are solely responsible for determining the appropriateness of using or redistributing the Work and assume any risks associated with Your exercise of permissions under this License.
8. **Limitation of Liability.** In no event and under no legal theory, whether in tort (including negligence), contract, or otherwise, unless required by applicable law (such as deliberate and grossly negligent acts) or agreed to in writing, shall any Contributor be liable to You for damages, including any direct, indirect, special, incidental, or consequential damages of any character arising as a result of this License or out of the use or inability to use the Work (including but not limited to damages for loss of goodwill, work stoppage, computer failure or malfunction, or any and all other commercial damages or losses), even if such Contributor has been advised of the possibility of such damages.
9. **Accepting Warranty or Additional Liability.** While redistributing the Work or Derivative Works thereof, You may choose to offer, and charge a fee for, acceptance of support, warranty, indemnity, or other liability obligations and/or rights consistent with this License. However, in accepting such obligations, You may act only on Your own behalf and on Your sole responsibility, not on behalf of any other Contributor, and only if You agree to indemnify, defend, and hold each Contributor harmless for any liability incurred by, or claims asserted against, such Contributor by reason of your accepting any such warranty or additional liability.

Summary of Terms:

Free to download and use. Redistribution restricted. No modification allowed. Must comply with Oracle licensing. No warranty.

Your use of this Program is governed by the Oracle Free Distribution, Hosting, and Use Terms and Conditions set forth below, unless you have received this Program (alone or as part of another Oracle product) under an Oracle license agreement (including but not limited to the Oracle Master Agreement), in which case your use of this Program is governed solely by such license agreement with Oracle.

Oracle Free Distribution, Hosting, and Use Terms and Conditions

Definitions

"Oracle" refers to Oracle America, Inc. "You" and "Your" refers to (a) a company or organization (each an "Entity") accessing the Programs, if use of the Programs will be on behalf of such Entity; or (b) an individual accessing the Programs, if use of the Programs will not be on behalf of an Entity. "Program(s)" refers to Oracle software provided by Oracle pursuant to the following terms and any updates, error corrections, and/or Program Documentation provided by Oracle. "Program Documentation" refers to Program user manuals and Program installation manuals, if any. If available, Program Documentation may be delivered with the Programs and/or may be accessed from www.oracle.com/documentation. "Separate Terms" refers to separate license terms that are specified in the

Program Documentation, readmes or notice files and that apply to Separately Licensed Technology. "Separately Licensed Technology" refers to Oracle or third party technology that is licensed under Separate Terms and not under the terms of this license.

Separately Licensed Technology

Oracle may provide certain notices to You in Program Documentation, readmes or notice files in connection with Oracle or third party technology provided as or with the Programs. If specified in the Program Documentation, readmes or notice files, such technology will be licensed to You under Separate Terms. Your rights to use Separately Licensed Technology under Separate Terms are not restricted in any way by the terms herein. For clarity, notwithstanding the existence of a notice, third party technology that is not Separately Licensed Technology shall be deemed part of the Programs licensed to You under the terms of this license.

Source Code for Open Source Software

For software that You receive from Oracle in binary form that is licensed under an open source license that gives You the right to receive the source code for that binary, You can obtain a copy of the applicable source code from <https://oss.oracle.com/sources/> or <http://www.oracle.com/goto/opensourcecode>. If the source code for such software was not provided to You with the binary, You can also receive a copy of the source code on physical media by submitting a written request pursuant to the instructions in the "Written Offer for Source Code" section of the latter website.

The following license terms apply to those Programs that are not provided to You under Separate Terms.

License Rights and Restrictions

Oracle grants to You, as a recipient of this Program, a nonexclusive, nontransferable, limited license to, subject to the conditions stated herein, use the unmodified Programs, including, without limitation, for the purposes of:

- developing, testing, prototyping and demonstrating applications;
- running the unmodified Programs for training, personal use, your business operations, and the business operations of third parties;
- making the unmodified Programs available for use by third parties in your hosted environment and in cloud services;
- redistributing unmodified Programs and Programs Documentation under the terms of this License; and
- copying the unmodified Programs and Program Documentation to the extent reasonably necessary to exercise the license rights granted herein and for backup purposes.

For the purposes of this license, compiling, interpreting or configuring an otherwise unmodified Program as necessary to run the Program shall not be considered modification.

Your license is contingent on Your compliance with the following conditions:

- You include a copy of this license with any distribution by You of the Programs;
- You do not charge your customers, end users, distributees or other third parties any additional fees for the distribution or use of the Programs; however, for clarity, if you comply with the foregoing condition, distribution or use of the Program as part of your for-fee product or service that adds substantial additional value is permitted;
- You do not remove markings or notices of either Oracle's or a licensor's proprietary rights from the Programs or Program Documentation;
- You comply with all U.S. and applicable export control and economic sanctions laws and regulations that govern Your use of the Programs (including technical data); and
- You do not cause or permit reverse engineering, disassembly or decompilation of the Programs (except as allowed by law) by You nor allow an associated party to do so.

Any source code that may be included in the distribution with the Programs may not be modified, unless such source code is under Separate Terms permitting modification.

Ownership

Oracle or its licensors retain all ownership and intellectual property rights to the Programs.

Information Collection

The Programs' installation and/or auto-update processes, if any, may transmit a limited amount of data to Oracle or its service provider about those processes to help Oracle understand and optimize them. Oracle does not associate the data with personally identifiable information. Refer to Oracle's Privacy Policy at www.oracle.com/privacy.

Disclaimer of Warranties; Limitation of Liability

THE PROGRAMS ARE PROVIDED "AS IS" WITHOUT WARRANTY OF ANY KIND. ORACLE FURTHER DISCLAIMS ALL WARRANTIES, EXPRESS AND IMPLIED, INCLUDING WITHOUT LIMITATION, ANY IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, OR NONINFRINGEMENT.

IN NO EVENT UNLESS REQUIRED BY APPLICABLE LAW WILL ORACLE BE LIABLE TO YOU FOR DAMAGES, INCLUDING ANY GENERAL, SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES ARISING OUT OF THE USE OR INABILITY TO USE THE PROGRAM (INCLUDING BUT NOT LIMITED TO LOSS OF DATA OR DATA BEING RENDERED INACCURATE OR LOSSES SUSTAINED BY YOU OR THIRD PARTIES OR A FAILURE OF THE PROGRAM TO OPERATE WITH ANY OTHER PROGRAMS), EVEN IF SUCH HOLDER OR OTHER PARTY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

TERMS AND CONDITIONS FOR USE, REPRODUCTION, AND DISTRIBUTION

1. Definitions.

"License" shall mean the terms and conditions for use, reproduction, and distribution as defined by Sections 1 through 9 of this document.

"Licensor" shall mean the copyright owner or entity authorized by the copyright owner that is granting the License.

"Legal Entity" shall mean the union of the acting entity and all other entities that control, are controlled by, or are under common control with that entity.

For the purposes of this definition, "control" means (i) the power, direct or indirect, to cause the direction or management of such entity, whether by contract or otherwise, or (ii) ownership of fifty percent (50%) or more of the outstanding shares, or (iii) beneficial ownership of such entity.

"You" (or "Your") shall mean an individual or Legal Entity exercising permissions granted by this License.

"Source" form shall mean the preferred form for making modifications, including but not limited to software source code, documentation source, and configuration files.

"Object" form shall mean any form resulting from mechanical transformation or translation of a Source form, including but not limited to compiled object code, generated documentation, and conversions to other media types.

"Work" shall mean the work of authorship, whether in Source or Object form, made available under the License, as indicated by a copyright notice that is included in or attached to the work (an example is provided in the Appendix below).

"Derivative Works" shall mean any work, whether in Source or Object form, that is based on (or derived from) the Work and for which the editorial revisions, annotations, elaborations, or other modifications represent, as a whole, an original work of authorship. For the purposes of this License, Derivative Works shall not include works that remain separable from, or merely link (or bind by name) to the interfaces of, the Work and Derivative Works thereof.

"Contribution" shall mean any work of authorship, including the original version of the Work and any modifications or additions to that Work or Derivative Works thereof, that is intentionally submitted to Licensor for inclusion in the Work by the copyright owner or by an individual or Legal Entity authorized to submit on behalf of the copyright owner. For the purposes of this definition, "submitted" means any form of electronic, verbal, or written communication sent to the Licensor or its representatives, including but not limited to communication on electronic mailing lists, source code control systems, and issue tracking systems that are managed by, or on behalf of, the Licensor for the purpose of discussing and improving the Work, but excluding communication that is conspicuously marked or otherwise designated in writing by the copyright owner as "Not a Contribution."

"Contributor" shall mean Licensor and any individual or Legal Entity on behalf of whom a Contribution has been received by Licensor and subsequently incorporated within the Work.

2. Grant of Copyright License.

Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable copyright license to reproduce, prepare Derivative Works of, publicly display, publicly perform, sublicense, and distribute the Work and such Derivative Works in Source or Object form.

3. Grant of Patent License.

Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable (except as stated in this section) patent license to make, have made, use, offer to sell, sell, import, and otherwise transfer the Work, where such license applies only to those patent claims licensable by such Contributor that are necessarily infringed by their Contribution(s) alone or by combination of their Contribution(s) with the Work to which such Contribution(s) was submitted. If You institute patent litigation against any entity (including a cross-claim or counterclaim in a lawsuit) alleging that the Work or a Contribution incorporated within the Work constitutes direct or contributory patent infringement, then any patent licenses granted to You under this License for that Work shall terminate as of the date such litigation is filed.

4. Redistribution.

You may reproduce and distribute copies of the Work or Derivative Works thereof in any medium, with or without modifications, and in Source or Object form, provided that You meet the following conditions:

You must give any other recipients of the Work or Derivative Works a copy of this License; and You must cause any modified files to carry prominent notices stating that You changed the files; and You must retain, in the Source form of any Derivative Works that You distribute, all copyright, patent, trademark, and attribution notices from the Source form of the Work, excluding those notices that do not pertain to any part of the Derivative Works; and If the Work includes a "NOTICE" text file as part of its distribution, then any Derivative Works that You distribute must include a readable copy of the attribution notices contained within such NOTICE file, excluding those notices that do not pertain to any part of the Derivative Works, in at least one of the following places: within a NOTICE text file distributed as part of the Derivative Works; within the Source form or documentation, if provided along with the Derivative Works; or, within a display generated by the Derivative Works, if and wherever such third-party notices normally appear. The contents of the NOTICE file are for informational purposes only and do not modify the License. You may add Your own attribution notices within Derivative Works that You distribute, alongside or as an addendum to the NOTICE text from the Work, provided that such additional attribution notices cannot be construed as modifying the License. You may add Your own copyright statement to Your modifications and may provide additional or different license terms and conditions for use, reproduction, or distribution of Your modifications, or for any such Derivative Works as a whole, provided Your use, reproduction, and distribution of the Work otherwise complies with the conditions stated in this License.

5. Submission of Contributions.

Unless You explicitly state otherwise, any Contribution intentionally submitted for inclusion in the Work by You to the Licensor shall be under the terms and conditions of this License, without any additional terms or conditions. Notwithstanding the above, nothing herein shall supersede or modify the terms of any separate license agreement you may have executed with Licensor regarding such Contributions.

6. Trademarks.

This License does not grant permission to use the trade names, trademarks, service marks, or product names of the Licensor, except as required for reasonable and customary use in describing the origin of the Work and reproducing the content of the NOTICE file.

7. Disclaimer of Warranty.

Unless required by applicable law or agreed to in writing, Licensor provides the Work (and each Contributor provides its Contributions) on an "AS IS" BASIS, WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express or implied, including, without limitation, any warranties or conditions of TITLE, NON-INFRINGEMENT, MERCHANTABILITY, or FITNESS FOR A PARTICULAR PURPOSE. You are solely responsible for determining the appropriateness of using or redistributing the Work and assume any risks associated with Your exercise of permissions under this License.

8. Limitation of Liability.

In no event and under no legal theory, whether in tort (including negligence), contract, or otherwise, unless required by applicable law (such as deliberate and grossly negligent acts) or agreed to in writing, shall any Contributor be liable to You for damages, including any direct, indirect, special, incidental, or consequential damages of any character arising as a result of this License or out of the use or inability to use the Work (including but not limited to damages for loss of goodwill, work stoppage, computer failure or malfunction, or any and all other commercial damages or losses), even if such Contributor has been advised of the possibility of such damages.

9. Accepting Warranty or Additional Liability.

While redistributing the Work or Derivative Works thereof, You may choose to offer, and charge a fee for, acceptance of support, warranty, indemnity, or other liability obligations and/or rights consistent with this License. However, in accepting such obligations, You may act only on Your own behalf and on Your sole responsibility, not on behalf of any other Contributor, and only if You agree to indemnify, defend, and hold each Contributor harmless for any liability incurred by, or claims asserted against, such Contributor by reason of your accepting any such warranty or additional liability.

END OF TERMS AND CONDITIONS

APPENDIX: How to apply the Apache License to your work To apply the Apache License to your work, attach the following boilerplate notice, with the fields enclosed by brackets "[]" replaced with your own identifying information. (Don't include the brackets!) The text should be enclosed in the appropriate comment syntax for the file format. We also recommend that a file or class name and description of purpose be included on the same "printed page" as the copyright notice for easier identification within third-party archives.

SQLite

The SQLite source code, including all of the files in the directories listed in the bullets below are [Public Domain](#). The authors have submitted written affidavits releasing their work to the public for any use. Every byte of the public-domain code can be traced back to the original authors. The files of this repository that are public domain include the following:

- All of the primary SQLite source code files found in the [src/ directory](#)
- All of the test cases and testing code in the [test/ directory](#)
- All of the SQLite extension source code and test cases in the [ext/ directory](#)

- All code that ends up in the "sqlite3.c" and "sqlite3.h" build products that actually implement the SQLite RDBMS.
- All of the code used to compile the [command-line interface](#)
- All of the code used to build various utility programs such as "sqldiff", "sqlite3_rsycn", and "sqlite3_analyzer".

The public domain source files usually contain a header comment similar to the following to make it clear that the software is public domain.

The author disclaims copyright to this source code. In place of a legal notice, here is a blessing:

- May you do good and not evil.
- May you find forgiveness for yourself and forgive others.
- May you share freely, never taking more than you give.

Almost every file you find in this source repository will be public domain. But there are a small number of exceptions:

Non-Public-Domain Code Included With This Source Repository AS A Convenience

This repository contains a (relatively) small amount of non-public-domain code used to help implement the configuration and build logic. In other words, there are some non-public-domain files used to implement:

`./configure && make`

In all cases, the non-public-domain files included with this repository have generous BSD-style licenses. So anyone is free to use any of the code in this source repository for any purpose, though attribution may be required to reuse or republish the configure and build scripts. None of the non-public-domain code ever actually reaches the build products, such as "sqlite3.c", however, so no attribution is required to use SQLite itself. The non-public-domain code consists of scripts used to help compile SQLite. The non-public-domain code is technically not part of SQLite. The non-public-domain code is included in this repository as a convenience to developers, so that those who want to build SQLite do not need to go download a bunch of third-party build scripts in order to compile SQLite.

Non-public-domain code included in this repository includes:

- The "[autosetup](#)" configuration system that is contained (mostly) in the autosetup/ directory, but also includes the "./configure" script at the top-level of this archive. Autosetup has a separate BSD-style license. See the [autosetup/LICENSE](#) for details.
- There are BSD-style licenses on some of the configuration software found in the legacy autoconf/ directory and its subdirectories.

The following unix shell command can be run from the top-level of this source repository in order to remove all non-public-domain code:

`rm -rf configure autosetup autoconf`

If you unpack this source repository and then run the command above, what is left will be 100% public domain.

END-USER LICENSE AGREEMENT FOR STEEMA SOFTWARE S.L.
IMPORTANT- READ CAREFULLY BEFORE INSTALLING THE SOFTWARE.

This End User License Agreement (this "EULA") contains the terms and conditions regarding your use of the SOFTWARE (as defined below) and material limitations to your rights in that regard. You should read this EULA carefully.

By installing the TeeChart for .NET software (hereinafter the "SOFTWARE"), you are accepting the following EULA.

I. THIS EULA.

1. Software Covered by this EULA.

This EULA governs your use of the Steema Software SL ("Steema") SOFTWARE enclosed either as part of a SOFTWARE installer or otherwise accompanied herewith. The term "SOFTWARE" includes, to the extent provided by Steema: 1) any revisions, updates and/or upgrades thereto; 2) any data, image or executable files, databases, data engines, computer software, or similar items customarily used or distributed with computer software products; 3) anything in any form whatsoever intended to be used with or in conjunction with the SOFTWARE; and 4) any associated media, documentation (including physical, electronic and online) and printed materials (the "Documentation").

2. This EULA is a legal agreement between you and Steema.

If you are acting as an agent of a company or another legal person, such as an officer or other employee acting for your employer, then "you" and "your" mean your principal, the entity or other legal person for whom you are acting. However, importantly, even if you are acting as an agent for another, you may still be personally liable for violation of laws such as copyright infringement.

This EULA is a legal agreement between you and Steema. You intend to be legally bound to this EULA to the same extent as if Steema and you physically signed this EULA. By installing, copying, or otherwise using the SOFTWARE, you agree to be bound by the terms and conditions contained in this EULA. If you do not agree to all of the terms and conditions contained in this EULA, you may not install or use the SOFTWARE. If you have already installed or begun to install the SOFTWARE you should cancel any install in progress and uninstall the SOFTWARE. If you do not agree to all of these terms and conditions, then you must promptly return the uninstalled SOFTWARE to the place from which you purchased it in accordance with the return policies of that place.

II. YOUR LICENSE TO DEVELOP AND TO DISTRIBUTE.

Detailed below, this EULA grants you three licenses: 1) a license to use the SOFTWARE to develop other software products (the "Development License"); 2) a license to use and/or distribute the Developed Software (the "Distribution License"); and 3) a license to use and/or distribute the Developed Software on a Network Server (the "Web Server License"). All of these licenses (individually and collectively, the "Licenses") are explained and defined in more detail below.

1. Definitions. Terms and their respective meanings as used in this EULA:

"Developer" means a person using the SOFTWARE in accordance with the terms and conditions of this EULA.

"Network Server" means a computer with one or more computer central processing units (CPU's) that operates for the purpose of serving other computers logically or physically connected to it, including, but not limited to, other computers connected to it on an internal network, intranet or the Internet. "Web Server" means a type of Network Server that serves other computers more particularly connected to it over an intranet or the Internet.

"Developed Software" means those computer software products that are developed by or through the use of the SOFTWARE.

"Developed Web Server Software" means those Developed Software products that reside logically or physically on at least one Web Server and are operated (executed therein) by the Web Server's central processing unit(s) (CPU). "Developed Desktop Software" means those Developed Software products that are not Developed Web Server Software, including, for example, standalone applications. "Redistributable Files" means the SOFTWARE files or other portions of the SOFTWARE that are provided by Steema and are identified as such in the Documentation for distribution by you with the Developed Software. "Developer" means a person using the SOFTWARE in accordance with the terms and conditions of this EULA.

"Seat" is a computer on which the SOFTWARE is installed.

"Developer seat" is the use of one "Per seat" licensed copies of the SOFTWARE by one concurrent Developer.

"Development License" defines the right to use the SOFTWARE for development purposes. Every machine installing, running and/or using the SOFTWARE for development purposes must have a licensed copy and its appropriate license.

"Subscription period" is the period during which an active subscription agreement exists as confirmed in writing by Steema, usually at the moment of subscription purchase.

2. Your Development License.

You are hereby granted a limited, royalty-free, non-exclusive right to use the SOFTWARE to design, develop, and test Developed Software, on the express condition that, and only for so long as, you fully comply with all terms and conditions of this EULA.

The SOFTWARE is licensed to you on a Per Seat License basis.

The Development License means that one Developer may install two seats not to be used concurrently, performing a maximum of two installs of the SOFTWARE for use in designing, testing and creating Developed Software on two single computers with a single set of input devices, restricting the use of the SOFTWARE to a maximum of one concurrent seat. Conversely, you may not install or use the SOFTWARE on a computer that is a network server or a computer at which the SOFTWARE is used by more than one Developer. You may not network the SOFTWARE or any component part of it, where it is or may be used by more than one Developer unless you purchase an additional Development License for each Developer. You must purchase another separate license to the SOFTWARE in order to add additional developer seats if the additional developers are accessing the SOFTWARE on a computer network. If the SOFTWARE is used to create Developed Web Server Software, then you may perform a single install of the SOFTWARE for use in designing, testing and creating Developed Web Server Software by a single Developer on a single computer or Network Server. No additional End User Licenses are required for additional CPUs on the single computer or Network Server.

In all cases, you may not use Steema's name, logo, or trademarks to market your Developed Software without the express written consent of Steema; agree to indemnify, hold harmless, and defend Steema, its suppliers and resellers, from and against any claims or lawsuits, including lawyer's fees that may arise from the use or distribution of your Developed Software; you may use the SOFTWARE only to create Developed Software that is significantly different than the SOFTWARE.

3. Your Distribution License.

License to Distribute Developed Desktop Software. Subject to the terms and conditions in this EULA, you are granted the license to use and to distribute Developed Desktop Software on a royalty-free basis, provided that the Developed Desktop Software incorporates the SOFTWARE as an integral part of the Developed Software in machine language compiled format (customarily an ".exe", or ".dll", etc.). You may not distribute, bundle, wrap or subclass the SOFTWARE as Developed Software which, when used in a "design-time" development environment, exposes the programmatic interface of the SOFTWARE. You may distribute, on a royalty-free basis, Redistributable Files with Developed Desktop Software only.

4. Your Web Server License.

Subject to the terms and conditions in this EULA, you are granted the license to use and to distribute Developed Web Server Software, provided that you must purchase one Web Server License for each Network Server operating the Developed Web Server Software (and/or Redistributable Files called or otherwise used directly by the Developed Web Server Software). Notwithstanding the foregoing, however, you may distribute or transfer, free of royalties, the Redistributable Files (and/or any Developed Desktop Software) to the extent that they are used separately on the client/workstation side of the network served by the Web Server.

5. License Serial Number.

Upon purchase of the SOFTWARE a unique serial number (the "Serial Number") is provided by Steema either electronically or via the delivery channel. The Serial number provides a means to install and Register the SOFTWARE. The Serial Number is subject to the restrictions set forth in this EULA and may not be disclosed or distributed either with your Developed Software or in any other way. The disclosure or distribution of the Serial Number shall constitute a breach of this EULA, the effect of which shall be the automatic termination and revocation of all the rights granted herein.

6. Updates/Upgrades.

Subject to the terms and conditions of this EULA, the Licenses are perpetual. Updates, bug fixes and upgrades to the SOFTWARE may be provided by Steema at their discretion at timely intervals only during the Subscription period though Steema does not commit to providing such updates or upgrades, and, if so provided by Steema, are provided upon the terms and conditions offered at that time by Steema.

7. Evaluation or Beta Copy.

If you are using an "evaluation copy", "Beta" copy or similar version, specifically designated as such by Steema on its website or otherwise, then the Licenses are limited as follows: a) you are granted a license to use the SOFTWARE for a period of fifty (50) days counted from the day of installation (the "Evaluation Period"); b) upon completion of the Evaluation Period, you shall either i) delete the SOFTWARE from the computer containing the installation, or you may ii) contact Steema or one of its authorized dealers to purchase a license of the SOFTWARE, which is subject to the terms and limitations contained herein; and c) any Developed Software developed with an evaluation or Beta copy may not be distributed or used for any commercial purpose.

III. INTELLECTUAL PROPERTY.

1. Copyright.

You agree that all right, title, and interest in and to the SOFTWARE (including, but not limited to, any images, photographs, code examples and text incorporated into the SOFTWARE), and any copies of the SOFTWARE, and any copyrights and other intellectual properties therein or related thereto are owned exclusively by Steema, except to the limited extent that Steema may be the rightful license holder of certain third-party technologies incorporated into the SOFTWARE. The SOFTWARE is protected by copyright laws and international treaty provisions. The SOFTWARE is licensed to you, not sold to you. Steema reserves all rights not otherwise expressly and specifically granted to you in this EULA.

2. Backups.

You may make one copy the SOFTWARE solely for backup or archival purposes.

3. General Limitations.

You may not reverse engineer, decompile, or disassemble the SOFTWARE, except and only to the extent that applicable law expressly permits such activity notwithstanding this limitation.

4. Software Transfers.

You may not rent or lease the SOFTWARE. You may transfer the SOFTWARE to another computer, provided that it is completely removed from the computer from which it was transferred. You may permanently transfer all of your rights under the EULA, provided that you retain no copies, that you transfer all the SOFTWARE (including all component parts, the media and printed materials, any dates, upgrades, this EULA and, if applicable, the Certificate of Authenticity), and that the recipient agrees to the terms and conditions of this EULA as provided herein. Steema should be notified in writing of license transfers where the company of the recipient is different to that of the original licensee. If the SOFTWARE is an update or upgrade, any transfer must include all prior versions of the SOFTWARE.

5. Termination.

Without prejudice to any other rights it may have, Steema may terminate this EULA and the Licenses if you fail to comply with the terms and conditions contained herein. In such an event, you must destroy all copies of the SOFTWARE and all of its component parts.

IV. DISCLAIMER and WARRANTIES

1. Disclaimer

Steema's entire liability and your exclusive remedy under this EULA shall be, at Steema's sole option, either (a) return of the price paid for the SOFTWARE; (b) repair the SOFTWARE through updates distributed online. Steema cannot and does not guarantee that any functions contained in the Software will meet your requirements, or that its operations will be error free. The entire risk as to the Software performance or quality, or both, is solely with the user and not Steema. You assume responsibility for the selection of the component to achieve your intended results, and for the installation, use, and results obtained from the SOFTWARE.

2. Warranty.

Steema makes no warranty, to the maximum extent permitted by law, either implied or expressed, including with-out limitation any warranty with respect to this Software documented here, its quality, performance, or fitness for a particular purpose. In no event shall Steema be liable to you for damages, whether direct or indirect, incidental, special, or consequential arising out the use of or any defect in the Software, even if Steema has been advised of the possibility of such damages, or for any claim by any other party. All other warranties of any kind, either express or implied, including but not limited to the implied warranties of merchantability and fitness for a particular purpose, are expressly excluded.

V. MISCELLANEOUS.

1. This is the Entire Agreement.

This EULA (including any addendum or amendment to this EULA included with the SOFTWARE) is the final, complete and exclusive statement of the entire agreement between you and Steema relating to the SOFTWARE. This EULA supersedes any prior and contemporaneous proposals, purchase orders, advertisements, and all other communications in relation to the subject matter of this EULA, whether oral or written. No terms or conditions, other than those contained in this EULA, and no other understanding or agreement which in any way modifies these terms and conditions, shall be binding upon the parties unless entered into in writing executed between the parties, or by other non-oral manner of agreement whereby the parties objectively and definitively act in a manner to be bound (such as by continuing with an installation of the SOFTWARE, "clicking-through" a questionnaire, etc.) Employees, agents and other representatives of Steema are not permitted to orally modify this EULA.

2. You Indemnify Steema.

You agree to indemnify, hold harmless, and defend Steema and its suppliers and resellers from and against any and all claims or lawsuits, including attorney's fees, that arise or result from this EULA.

3. Interpretation of this EULA.

If for any reason a court of competent jurisdiction finds any provision of this EULA, or any portion thereof, to be unenforceable, that provision of this EULA will be enforced to the maximum extent permissible so as to effect the intent of the parties, and the remainder of this EULA will continue in full force and effect. Formatives of defined terms shall have the same meaning of the defined term. Failure by either party to enforce any provision of this EULA will not be deemed a waiver of future enforcement of that or any other provision. Except as otherwise required or superseded by law, this EULA is governed by the laws of Spain. If the SOFTWARE was acquired outside of Spain, then local law may apply.

Software License Agreement

NOTICE TO USERS: CAREFULLY READ THE FOLLOWING SOFTWARE LICENSE AGREEMENT ("AGREEMENT"). USE OF THE THINKGEO SOFTWARE PROVIDED WITH THIS AGREEMENT (THE "SOFTWARE") CONSTITUTES YOUR ACCEPTANCE

OF THESE TERMS. IF YOU DO NOT AGREE TO THE TERMS OF THIS AGREEMENT, DO NOT INSTALL AND/OR USE THIS SOFTWARE. USE OF THIS SOFTWARE IS CONDITIONED UPON COMPLIANCE WITH THE TERMS OF THIS AGREEMENT.

1. LICENSE GRANT. ThinkGeo, LLC ("ThinkGeo") grants Licensee a license to use one copy of the version of the Software on any one system for as many licenses as are purchased, except as modified by the stipulations provided for in this Agreement relating to each Software Product Type. "Licensee" means the company, organization, entity, or individual whose funds are used to pay the license fee. "Use" means storing, loading, installing, executing or displaying the Software on a user workstation, or as otherwise specified according to the Software Product Type later in this Agreement. Licensee is expected to use the trial version of the Software on Licensee's computer system and to thoroughly evaluate its usefulness and functionality before making a purchase. Licensee understands and agrees that there is no refund policy for any purchase of the Software. The license to use this Software may not be transferred to any other company, organization, or entity without the express written consent of ThinkGeo.

2. SOFTWARE PRODUCT TYPES:

a. DEVELOPMENT TOOLKIT: "Development Toolkit" means the "Software" of a type that is designed to be used by a person who is a software developer to create custom software applications. A Development Toolkit is licensed on a per developer basis, with one license per each developer. Only the individual developer to whom a Development Toolkit license is registered may access, install on a computer, or otherwise use in any way the retail version of the Development Toolkit. Licensee must provide registration information to ThinkGeo which clearly identifies the developer to whom each purchased license is assigned for use. In the event that Licensee wishes to transfer the Development Toolkit license to a different developer in Licensee's organization, Licensee must promptly notify ThinkGeo of the proposed transfer and register the new developer with ThinkGeo.

Licensee may deploy (install) any compiled final user applications created from the Development Toolkit to final user workstations, free of any royalty charges, provided the following conditions are satisfied:

i) The application does not expose any API (application program interface), methods, classes, functions, or properties (such as in the meaning of scripting functionality); and

ii) The application is not competitive with any ThinkGeo product. For purposes of clarification, competitive is defined the marketing and/or distribution of a product to the general GIS software user market which, in the judgment of ThinkGeo, contains a significant set of the features found in any ThinkGeo product which makes the application compete with ThinkGeo for market share. This includes applications that are provided without charge.

If Licensee is unsure whether its application is in compliance with the conditions above, Licensee shall contact ThinkGeo with the specific details of its situation and ask for clarification. Any use of the Development Toolkit to create an application which is an exception to either of the aforementioned conditions requires the express written permission from ThinkGeo and may be subject to ThinkGeo royalties. Licensee may not disable any licensing, security, or control features of the Development Toolkit software. Unless a license to access and use the source code for the Development Toolkit was purchased from ThinkGeo, Licensee may not modify the Development Toolkit except as an intended part of the Development Toolkit programming features. You may not recompile, distribute, disseminate, resell, rent, lease, or share the Development Toolkit software or components or libraries of the Development Toolkit with other companies, organizations, entities, or individuals without the express written consent of ThinkGeo, except as a compiled end user application created from the Development Toolkit.

If a license to access and use Development Toolkit source code has been purchased from ThinkGeo, Licensee is allowed to share modifications made to the Development Toolkit source code only with other members of Licensee's company or organization who are also licensed to access and use the same source code version of Development Toolkit.

b. END USER APPLICATION: "End-User Application" means the Software of a type that is designed to be used on a workstation computer by a final user to perform a function or type of work. Each license of an End-User Application grants the right to install and run the End-User Application on a single computer for use by a single person at any one time.

Licensee may not modify the End-User Application or disable any licensing, control, security, or copyright features of the End-User Application except as an intended part of the End-User Application's user features. Licensee may not deploy, distribute, resell, rent, lease, share or otherwise disseminate the Software to other companies, organizations, entities, or individuals, unless it is covered by the purchase of the appropriate number of user license(s).

c. EVALUATION VERSION: "Evaluation Version" means the Software that is provided for the purpose of learning about the Software in order to make an informed decision whether or not to purchase a license to use Software. Licensee is granted an evaluation period of not more than sixty (60) days to use the Evaluation Version, after which time you must either pay for the Software according to the terms and prices provided by ThinkGeo or remove the Evaluation Version from Licensee's computer system. An Evaluation Version may not be used for any commercial purposes. Licensee may not modify the Software or disable any licensing, control, security, or copyright features of the Software except as an intended part of the Evaluation Version's

programming or user interface features. Licensee may not deploy, distribute, resell, rent, share, or disseminate the Evaluation Version to other companies, organizations, entities, or individuals without the express written consent of ThinkGeo.

d. FREE PRODUCT: "Free Product" is the Software that is generally disseminated by ThinkGeo for use by the general public without any charge. Licensee may install and use the Free Product as it is designed, for commercial or non commercial purposes, with no limit on the time of use. Licensee may also post, redistribute, copy, and share the Free Product without limitations, provided that i) the original ThinkGeo copyright and logo information on the product's user interface and in the "About" box remains unchanged; and ii) Licensee does not charge for any such redistribution of the Free Product other than a nominal fee to compensate for the cost of the distribution media. Licensee may not modify the Free Product or disable any licensing, control, security, or copyright features of the Software except as an intended part of the Free Product's user interface. Licensee may not misrepresent the ownership of the Free Product.

3. REGISTRATION INFORMATION. Licensee is required to provide ThinkGeo with accurate and valid registration information, including your name, identity, address, telephone number, and e-mail address, and any subsequent changes to Licensee's registration information. Supplying false, incomplete, or misleading information is a violation of this Agreement. ThinkGeo reserves the right to record the number of installations and uninstalls of the software by the Licensee. ThinkGeo may require the Licensee to enter in a serial key when installing the software so the license can be validated over the Internet, if the license cannot be validated the installation of the software may be prevented. In addition to the serial key the software installer may record other non personal information to validate that the Licensee is in compliance with the terms of this agreement. ThinkGeo will abide by the terms of its privacy policy, which prevents it from disseminating such registration information to others without the consent of the owner of the information.
4. OWNERSHIP. The Software is owned and copyrighted by ThinkGeo, a for profit limited liability company organized under the laws of the State of Texas in the United States of America. Any license granted under this Agreement confers no title or ownership in the Software and should not be construed as a sale of any ownership right in the Software.
5. COPYRIGHT. The Software is protected by copyright law and international treaty provisions. Licensee acknowledges that no title to the intellectual property in the Software is transferred to it. Licensee further acknowledges that title and full ownership rights to the Software will remain the exclusive property of ThinkGeo and Licensee will not acquire any rights to the Software except as expressly set forth in this Agreement. Licensee agrees that any copies of the Software will contain the same proprietary notices which appear on and in the Software.
6. REVERSE ENGINEERING. Licensee agrees that it will not attempt to reverse compile, modify, translate, or disassemble the Software in whole or in part.
7. RESTRICTED COUNTRIES. Licensee agrees that the Software will not be sold to, transferred to, exported or re-exported into (or to a national or resident of) any country to which the United States embargoes goods, or to anyone or any country on the US Treasury Department's list of Specially Designated Nationals or the US Commerce Department's Table of Denial Orders. Restricted countries currently include, but are not necessarily limited to, Cuba, Iran, North Korea, Sudan, and Syria.
8. LIMITED WARRANTIES AND DISCLAIMERS. LICENSEE ACCEPTS THE SOFTWARE "AS IS". THINKGEO DISCLAIMS ALL WARRANTIES WITH RESPECT TO THE SOFTWARE, EITHER EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, SYSTEM INTEGRATION AND NONINFRINGEMENT OF INTELLECTUAL PROPERTY RIGHTS. THINKGEO DOES NOT WARRANT AND DISCLAIMS THAT THE SOFTWARE WILL MEET LICENSEE'S NEEDS; OR THAT THE SOFTWARE IS ERROR FREE, FAULT TOLERANT OR FAIL SAFE.
9. LIMITATION OF LIABILITY. IN NO EVENT SHALL THINKGEO OR ITS SUPPLIERS BE LIABLE TO LICENSEE FOR THE COSTS OF PROCUREMENT OF SUBSTITUTE GOODS; LOST PROFITS, LOST SALES OR BUSINESS EXPENDITURES; INVESTMENTS; BUSINESS COMMITMENTS; LOSS OF ANY GOODWILL; OR FOR ANY CONSEQUENTIAL, SPECIAL, INCIDENTAL OR INDIRECT DAMAGES OF ANY KIND ARISING OUT OF THE DELIVERY, PERFORMANCE OR USE OF THE SOFTWARE, EVEN IF THINKGEO HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. IN NO EVENT WILL THINKGEO'S LIABILITY FOR ANY CLAIM, WHETHER IN CONTRACT, TORT OR ANY OTHER THEORY OF LIABILITY, EXCEED THE LICENSE FEE PAID.
10. INDEMNIFICATION. Licensee shall, at its expense, indemnify defend, save and hold harmless ThinkGeo from any claim brought or filed by a third party against ThinkGeo solely due to any failure by Licensee, its employees or agents to act in accordance with the terms of this Agreement, provided (a) ThinkGeo promptly gives Licensee written notice of the claim; (b) ThinkGeo provides all reasonable assistance at Licensee's expense to defend against the claim; and (c) Licensee has the right to control the defense or settlement of the claim provided that Licensee does not enter into any settlement or compromise that imposes any obligation or liability upon ThinkGeo without ThinkGeo's prior written consent.

11. **EQUITABLE RELIEF.** Licensee agrees that any breach of this Agreement by Licensee may cause irreparable damage and that, in the event of such breach, in addition to any and all remedies at law, ThinkGeo shall have the right to seek an injunction, specific performance, or other equitable relief in any court of competent jurisdiction.
12. **SEVERABILITY.** In the event of invalidity of any provision of this Agreement, the remaining portions of this Agreement shall remain in full force and effect.
13. **GOVERNING LAW.** This Agreement will be governed by the laws of the State of Texas within the United States of America, without giving effect to its conflict of law provisions. The United Nations Convention on Contracts for the International Sale of Goods shall not apply to this Agreement. Each party submits to the jurisdiction of the state or federal courts in Texas.
14. **ENTIRE AGREEMENT.** This is the entire agreement between Licensee and ThinkGeo which supersedes any prior agreement or understanding, whether written or oral, relating to the subject matter of this license. Any modification(s) or amendment(s) to this Agreement must be in writing and signed by each party.
15. **TERMINATION:** This Agreement is effective upon acceptance and will remain in full force and effect until terminated. This Agreement will terminate automatically, without any notice from ThinkGeo, if you fail to comply with any provisions of this Agreement. Upon termination, you shall destroy the written materials and all copies of the SOFTWARE, including modified copies, if any.
16. **INDEPENDENCE.** This Agreement shall not create any agency, partnership or joint venture relationship between ThinkGeo and Licensee.
17. **NO IMPLIED WAIVERS.** The failure or either party to enforce any provision of this Agreement shall not be deemed a waiver of the provision or right of such party to enforce that or any other provision.
18. **LIZARDTECH LICENSE.** The Software may contain MrSID format decode technology which is owned by Lizard Tech. Under terms of a LizardTech Decode SDK license agreement, LizardTech grants ThinkGeo with a non-exclusive, worldwide, non-transferable right to distribute in object code format those portions of the Decode SDK necessary to enable end-user viewing of *.sid-formatted files from within ThinkGeo products. In addition, the LizardTech decode SDK license grants ThinkGeo with a non-exclusive, worldwide, non-transferable right to distribute DSDK runtime .dll files, to enable licensed users of ThinkGeo Development Tool products to implement end-user viewing of *.sid-formatted files in custom applications created from the ThinkGeo Development Tool products.
19. **LIBTIFF LICENSE.** The software incorporates portions of the code from the open-source project LibTiff.Net, which is copyrighted by Bit Miracle, and includes elements based on the work of The Independent JPEG Group and ComponentAce. The utilization of LibTiff.Net components in this software is in compliance with the BSD License, as detailed here: <https://github.com/BitMiracle/libtiff.net/blob/master/license.txt>.

TERMS AND CONDITIONS FOR USE, REPRODUCTION, AND DISTRIBUTION

1. Definitions.

"License" shall mean the terms and conditions for use, reproduction, and distribution as defined by Sections 1 through 9 of this document.

"Licensor" shall mean the copyright owner or entity authorized by the copyright owner that is granting the License.

"Legal Entity" shall mean the union of the acting entity and all other entities that control, are controlled by, or are under common control with that entity. For the purposes of this definition, "control" means (i) the power, direct or indirect, to cause the direction or management of such entity, whether by contract or otherwise, or (ii) ownership of fifty percent (50%) or more of the outstanding shares, or (iii) beneficial ownership of such entity.

"You" (or "Your") shall mean an individual or Legal Entity exercising permissions granted by this License. "Source" form shall mean the preferred form for making modifications, including but not limited to software source code, documentation source, and configuration files.

"Object" form shall mean any form resulting from mechanical transformation or translation of a Source form, including but not limited to compiled object code, generated documentation, and conversions to other media types.

"Work" shall mean the work of authorship, whether in Source or Object form, made available under the License, as indicated by a copyright notice that is included in or attached to the work (an example is provided in the Appendix below).

"Derivative Works" shall mean any work, whether in Source or Object form, that is based on (or derived from) the Work and for which the editorial revisions, annotations, elaborations, or other modifications represent, as a whole, an original work of authorship. For the purposes of this License, Derivative Works shall not include works that remain separable from, or merely link (or bind by name) to the interfaces of, the Work and Derivative Works thereof.

"Contribution" shall mean any work of authorship, including the original version of the Work and any modifications or additions to that Work or Derivative Works thereof, that is intentionally submitted to Licensor for inclusion in the Work by the copyright owner or by an individual or Legal Entity authorized to submit on behalf of the copyright owner. For the purposes of this definition, "submitted" means any form of electronic, verbal, or written communication sent to the Licensor or its representatives, including but not limited to communication on electronic mailing lists, source code control systems, and issue tracking systems that are managed by, or on behalf of, the Licensor for the purpose of discussing and improving the Work, but excluding communication that is conspicuously marked or otherwise designated in writing by the copyright owner as "Not a Contribution." "Contributor" shall mean Licensor and any individual or Legal Entity on behalf of whom a Contribution has been received by Licensor and subsequently incorporated within the Work.

2. Grant of Copyright License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable copyright license to reproduce, prepare Derivative Works of, publicly display, publicly perform, sublicense, and distribute the Work and such Derivative Works in Source or Object form.
3. Grant of Patent License. Subject to the terms and conditions of this License, each Contributor hereby grants to You a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable (except as stated in this section) patent license to make, have made, use, offer to sell, sell, import, and otherwise transfer the Work, where such license applies only to those patent claims licensable by such Contributor that are necessarily infringed by their Contribution(s) alone or by combination of their Contribution(s) with the Work to which such Contribution(s) was submitted. If You institute patent litigation against any entity (including a cross-claim or counterclaim in a lawsuit) alleging that the Work or a Contribution incorporated within the Work constitutes direct or contributory patent infringement, then any patent licenses granted to You under this License for that Work shall terminate as of the date such litigation is filed.

4. Redistribution. You may reproduce and distribute copies of the Work or Derivative Works thereof in any medium, with or without modifications, and in Source or Object form, provided that You meet the following conditions:
 - (a) You must give any other recipients of the Work or Derivative Works a copy of this License; and
 - (b) You must cause any modified files to carry prominent notices stating that You changed the files; and
 - (c) You must retain, in the Source form of any Derivative Works that You distribute, all copyright, patent, trademark, and attribution notices from the Source form of the Work, excluding those notices that do not pertain to any part of the Derivative Works; and
 - (d) If the Work includes a "NOTICE" text file as part of its distribution, then any Derivative Works that You distribute must include a readable copy of the attribution notices contained within such NOTICE file, excluding those notices that do not pertain to any part of the Derivative Works, in at least one of the following places: within a NOTICE text file distributed as part of the Derivative Works; within the Source form or documentation, if provided along with the Derivative Works; or, within a display generated by the Derivative Works, if and wherever such third-party notices normally appear. The contents of the NOTICE file are for informational purposes only and do not modify the License. You may add Your own attribution notices within Derivative Works that You distribute, alongside or as an addendum to the NOTICE text from the Work, provided that such additional attribution notices cannot be construed as modifying the License.

You may add Your own copyright statement to Your modifications and may provide additional or different license terms and conditions for use, reproduction, or distribution of Your modifications, or for any such Derivative Works as a whole, provided Your use, reproduction, and distribution of the Work otherwise complies with the conditions stated in this License.

5. Submission of Contributions. Unless You explicitly state otherwise, any Contribution intentionally submitted for inclusion in the Work by You to the Licensor shall be under the terms and conditions of this License, without any additional terms or conditions. Notwithstanding the above, nothing herein shall supersede or modify the terms of any separate license agreement you may have executed with Licensor regarding such Contributions.
6. Trademarks. This License does not grant permission to use the trade names, trademarks, service marks, or product names of the Licensor, except as required for reasonable and customary use in describing the origin of the Work and reproducing the content of the NOTICE file.
7. Disclaimer of Warranty. Unless required by applicable law or agreed to in writing, Licensor provides the Work (and each Contributor provides its Contributions) on an "AS IS" BASIS, WITHOUT WARRANTIES OR CONDITIONS OF ANY KIND, either express or implied, including, without limitation, any warranties or conditions of TITLE, NON-INFRINGEMENT, MERCHANTABILITY, or FITNESS FOR A PARTICULAR PURPOSE. You are solely responsible for determining the appropriateness of using or redistributing the Work and assume any risks associated with Your exercise of permissions under this License.
8. Limitation of Liability. In no event and under no legal theory, whether in tort (including negligence), contract, or otherwise, unless required by applicable law (such as deliberate and grossly negligent acts) or agreed to in writing, shall any Contributor be liable to You for damages, including any direct, indirect, special, incidental, or consequential damages of any character arising as a result of this License or out of the use or inability to use the Work (including but not limited to damages for loss of goodwill, work stoppage, computer failure or malfunction, or any and all other commercial damages or losses), even if such Contributor has been advised of the possibility of such damages.
9. Accepting Warranty or Additional Liability. While redistributing the Work or Derivative Works thereof, You may choose to offer, and charge a fee for, acceptance of support, warranty, indemnity, or other liability obligations and/or rights consistent with this License. However, in accepting such obligations, You may act only on Your own behalf and on Your sole responsibility, not on behalf of any other Contributor, and only if You agree to indemnify, defend, and hold each Contributor harmless for any liability incurred by, or claims asserted against, such Contributor by reason of your accepting any such warranty or additional liability.

Everyone is permitted to copy and distribute verbatim copies of this license document, but changing it is not allowed.

[This is the first released version of the Lesser GPL. It also counts as the successor of the GNU Library Public License, version 2, hence the version number 2.1.]

Preamble

The licenses for most software are designed to take away your freedom to share and change it. By contrast, the GNU General Public Licenses are intended to guarantee your freedom to share and change free software--to make sure the software is free for all its users.

This license, the Lesser General Public License, applies to some specially designated software packages--typically libraries--of the Free Software Foundation and other authors who decide to use it. You can use it too, but we suggest you first think carefully about whether this license or the ordinary General Public License is the better strategy to use in any particular case, based on the explanations below.

When we speak of free software, we are referring to freedom of use, not price. Our General Public Licenses are designed to make sure that you have the freedom to distribute copies of free software (and charge for this service if you wish); that you receive source code or can get it if you want it; that you can change the software and use pieces of it in new free programs; and that you are informed that you can do these things.

To protect your rights, we need to make restrictions that forbid distributors to deny you these rights or to ask you to surrender these rights. These restrictions translate to certain responsibilities for you if you distribute copies of the library or if you modify it.

For example, if you distribute copies of the library, whether gratis or for a fee, you must give the recipients all the rights that we gave you. You must make sure that they, too, receive or can get the source code. If you link other code with the library, you must provide complete object files to the recipients, so that they can relink them with the library after making changes to the library and recompiling it. And you must show them these terms so they know their rights.

We protect your rights with a two-step method: (1) we copyright the library, and (2) we offer you this license, which gives you legal permission to copy, distribute and/or modify the library.

To protect each distributor, we want to make it very clear that there is no warranty for the free library. Also, if the library is modified by someone else and passed on, the recipients should know that what they have is not the original version, so that the original author's reputation will not be affected by problems that might be introduced by others.

Finally, software patents pose a constant threat to the existence of any free program. We wish to make sure that a company cannot effectively restrict the users of a free program by obtaining a restrictive license from a patent holder. Therefore, we insist that any patent license obtained for a version of the library must be consistent with the full freedom of use specified in this license.

Most GNU software, including some libraries, is covered by the ordinary GNU General Public License. This license, the GNU Lesser General Public License, applies to certain designated libraries, and is quite different from the ordinary General Public License. We use this license for certain libraries in order to permit linking those libraries into non-free programs.

When a program is linked with a library, whether statically or using a shared library, the combination of the two is legally speaking a combined work, a derivative of the original library. The ordinary General Public License therefore permits such linking only if the entire combination fits its criteria of freedom. The Lesser General Public License permits more lax criteria for linking other code with the library.

We call this license the "Lesser" General Public License because it does Less to protect the user's freedom than the ordinary General Public License. It also provides other free software developers Less of an advantage over competing non-free programs. These disadvantages are the reason we use the ordinary General Public License for many libraries. However, the Lesser license provides advantages in certain special circumstances.

For example, on rare occasions, there may be a special need to encourage the widest possible use of a certain library, so that it becomes a de-facto standard. To achieve this, non-free programs must be allowed to use the library. A more frequent case is that a free library does the same job as widely used non-free libraries. In this case, there is little to gain by limiting the free library to free software only, so we use the Lesser General Public License.

In other cases, permission to use a particular library in non-free programs enables a greater number of people to use a large body of free software. For example, permission to use the GNU C Library in non-free programs enables many more people to use the whole GNU operating system, as well as its variant, the GNU/Linux operating system.

Although the Lesser General Public License is Less protective of the users' freedom, it does ensure that the user of a program that is linked with the Library has the freedom and the wherewithal to run that program using a modified version of the Library.

The precise terms and conditions for copying, distribution and modification follow. Pay close attention to the difference between a "work based on the library" and a "work that uses the library". The former contains code derived from the library, whereas the latter must be combined with the library in order to run.

GNU LESSER GENERAL PUBLIC LICENSE

TERMS AND CONDITIONS FOR COPYING, DISTRIBUTION AND MODIFICATION

0. This License Agreement applies to any software library or other program which contains a notice placed by the copyright holder or other authorized party saying it may be distributed under the terms of this Lesser General Public License (also called "this License"). Each licensee is addressed as "you".

A "library" means a collection of software functions and/or data prepared so as to be conveniently linked with application programs (which use some of those functions and data) to form executables.

The "Library", below, refers to any such software library or work which has been distributed under these terms. A "work based on the Library" means either the Library or any derivative work under copyright law: that is to say, a work containing the Library or a portion of it, either verbatim or with modifications and/or translated straightforwardly into another language. (Hereinafter, translation is included without limitation in the term "modification".)

"Source code" for a work means the preferred form of the work for making modifications to it. For a library, complete source code means all the source code for all modules it contains, plus any associated interface definition files, plus the scripts used to control compilation and installation of the library.

Activities other than copying, distribution and modification are not covered by this License; they are outside its scope. The act of running a program using the Library is not restricted, and output from such a program is covered only if its contents constitute a work based on the Library (independent of the use of the Library in a tool for writing it). Whether that is true depends on what the Library does and what the program that uses the Library does.

1. You may copy and distribute verbatim copies of the Library's complete source code as you receive it, in any medium, provided that you conspicuously and appropriately publish on each copy an appropriate copyright notice and disclaimer of warranty; keep intact all the notices that refer to this License and to the absence of any warranty; and distribute a copy of this License along with the Library.

You may charge a fee for the physical act of transferring a copy, and you may at your option offer warranty protection in exchange for a fee.

2. You may modify your copy or copies of the Library or any portion of it, thus forming a work based on the Library, and copy and distribute such modifications or work under the terms of Section 1 above, provided that you also meet all of these conditions:
 - a) The modified work must itself be a software library.
 - b) You must cause the files modified to carry prominent notices stating that you changed the files and the date of any change.
 - c) You must cause the whole of the work to be licensed at no charge to all third parties under the terms of this License.
 - d) If a facility in the modified Library refers to a function or a table of data to be supplied by an application program that uses the facility, other than as an argument passed when the facility is invoked, then you must make a good faith effort to ensure that, in the event an application does not supply such function or table, the facility still operates, and performs whatever part of its purpose remains meaningful.

(For example, a function in a library to compute square roots has a purpose that is entirely well-defined independent of the application. Therefore, Subsection 2d requires that any application-supplied function or table used by this function must be optional: if the application does not supply it, the square root function must still compute square roots.)

These requirements apply to the modified work as a whole. If identifiable sections of that work are not derived from the Library, and can be reasonably considered independent and separate works in themselves, then this License, and its terms, do not apply to those sections when you distribute them as separate works. But when you distribute the same sections as part of a whole which is a work based on the Library, the distribution of the whole must be on the terms of this License, whose permissions for other licensees extend to the entire whole, and thus to each and every part regardless of who wrote it.

Thus, it is not the intent of this section to claim rights or contest your rights to work written entirely by you; rather, the intent is to exercise the right to control the distribution of derivative or collective works based on the Library.

In addition, mere aggregation of another work not based on the Library with the Library (or with a work based on the Library) on a volume of a storage or distribution medium does not bring the other work under the scope of this License.

3. You may opt to apply the terms of the ordinary GNU General Public License instead of this License to a given copy of the Library. To do this, you must alter all the notices that refer to this License, so that they refer to the ordinary GNU General Public License, version 2, instead of to this License. (If a newer version than version 2 of the ordinary GNU General Public License has appeared, then you can specify that version instead if you wish.) Do not make any other change in these notices.

Once this change is made in a given copy, it is irreversible for that copy, so the ordinary GNU General Public License applies to all subsequent copies and derivative works made from that copy.

This option is useful when you wish to copy part of the code of the Library into a program that is not a library.

4. You may copy and distribute the Library (or a portion or derivative of it, under Section 2) in object code or executable form under the terms of Sections 1 and 2 above provided that you accompany it with the complete corresponding machine-readable source code, which must be distributed under the terms of Sections 1 and 2 above on a medium customarily used for software interchange.

If distribution of object code is made by offering access to copy from a designated place, then offering equivalent access to copy the source code from the same place satisfies the requirement to distribute the source code, even though third parties are not compelled to copy the source along with the object code.

5. A program that contains no derivative of any portion of the Library, but is designed to work with the Library by being compiled or linked with it, is called a "work that uses the Library". Such a work, in isolation, is not a derivative work of the Library, and therefore falls outside the scope of this License.

However, linking a "work that uses the Library" with the Library creates an executable that is a derivative of the Library (because it contains portions of the Library), rather than a "work that uses the library". The executable is therefore covered by this License. Section 6 states terms for distribution of such executables.

When a "work that uses the Library" uses material from a header file that is part of the Library, the object code for the work may be a derivative work of the Library even though the source code is not. Whether this is true is especially significant if the work can be linked without the Library, or if the work is itself a library. The threshold for this to be true is not precisely defined by law.

If such an object file uses only numerical parameters, data structure layouts and accessors, and small macros and small inline functions (ten lines or less in length), then the use of the object file is unrestricted, regardless of whether it is legally a derivative work. (Executables containing this object code plus portions of the Library will still fall under Section 6.)

Otherwise, if the work is a derivative of the Library, you may distribute the object code for the work under the terms of Section 6. Any executables containing that work also fall under Section 6, whether or not they are linked directly with the Library itself.

6. As an exception to the Sections above, you may also combine or link a "work that uses the Library" with the Library to produce a work containing portions of the Library, and distribute that work under terms of your choice, provided that the terms permit modification of the work for the customer's own use and reverse engineering for debugging such modifications.

You must give prominent notice with each copy of the work that the Library is used in it and that the Library and its use are covered by this License. You must supply a copy of this License. If the work during execution displays copyright notices, you must include the copyright notice for the Library among them, as well as a reference directing the user to the copy of this License. Also, you must do one of these things:

- a) Accompany the work with the complete corresponding machine-readable source code for the Library including whatever changes were used in the work (which must be distributed under Sections 1 and 2 above); and, if the work is an executable linked with the Library, with the complete machine-readable "work that uses the Library", as object code and/or source code, so that the user can modify the Library and then relink to produce a modified executable containing the modified Library. (It is understood that the user who changes the contents of definitions files in the Library will not necessarily be able to recompile the application to use the modified definitions.)
- b) Use a suitable shared library mechanism for linking with the Library. A suitable mechanism is one that (1) uses at run time a copy of the library already present on the user's computer system, rather than copying library functions into the executable, and (2) will operate properly with a modified version of the library, if the user installs one, as long as the modified version is interface-compatible with the version that the work was made with.
- c) Accompany the work with a written offer, valid for at least three years, to give the same user the materials specified in Subsection 6a, above, for a charge no more than the cost of performing this distribution.
- d) If distribution of the work is made by offering access to copy from a designated place, offer equivalent access to copy the above specified materials from the same place.
- e) Verify that the user has already received a copy of these materials or that you have already sent this user a copy.

For an executable, the required form of the "work that uses the Library" must include any data and utility programs needed for reproducing the executable from it. However, as a special exception, the materials to be distributed need not include anything that is normally distributed (in either source or binary form) with the major components (compiler, kernel, and so on) of the operating system on which the executable runs, unless that component itself accompanies the executable.

It may happen that this requirement contradicts the license restrictions of other proprietary libraries that do not normally accompany the operating system. Such a contradiction means you cannot use both them and the Library together in an executable that you distribute.

7. You may place library facilities that are a work based on the Library side-by-side in a single library together with other library facilities not covered by this License, and distribute such a combined library, provided that the separate distribution of the work based on the Library and of the other library facilities is otherwise permitted, and provided that you do these two things:

a) Accompany the combined library with a copy of the same work based on the Library, uncombined with any other library facilities. This must be distributed under the terms of the Sections above.

b) Give prominent notice with the combined library of the fact that part of it is a work based on the Library, and explaining where to find the accompanying uncombined form of the same work.

8. You may not copy, modify, sublicense, link with, or distribute the Library except as expressly provided under this License. Any attempt otherwise to copy, modify, sublicense, link with, or distribute the Library is void, and will automatically terminate your rights under this License. However, parties who have received copies, or rights, from you under this License will not have their licenses terminated so long as such parties remain in full compliance.

9. You are not required to accept this License, since you have not signed it. However, nothing else grants you permission to modify or distribute the Library or its derivative works. These actions are prohibited by law if you do not accept this License. Therefore,

by modifying or distributing the Library (or any work based on the Library), you indicate your acceptance of this License to do so, and all its terms and conditions for copying, distributing or modifying the Library or works based on it.

10. Each time you redistribute the Library (or any work based on the Library), the recipient automatically receives a license from the original licensor to copy, distribute, link with or modify the Library subject to these terms and conditions. You may not impose any further restrictions on the recipients' exercise of the rights granted herein. You are not responsible for enforcing compliance by third parties with this License.
11. If, as a consequence of a court judgment or allegation of patent infringement or for any other reason (not limited to patent issues), conditions are imposed on you (whether by court order, agreement or otherwise) that contradict the conditions of this License, they do not excuse you from the conditions of this License. If you cannot distribute so as to satisfy simultaneously your obligations under this License and any other pertinent obligations, then as a consequence you may not distribute the Library at all. For example, if a patent license would not permit royalty-free redistribution of the Library by all those who receive copies directly or indirectly through you, then the only way you could satisfy both it and this License would be to refrain entirely from distribution of the Library.

If any portion of this section is held invalid or unenforceable under any particular circumstance, the balance of the section is intended to apply, and the section as a whole is intended to apply in other circumstances.

It is not the purpose of this section to induce you to infringe any patents or other property right claims or to contest validity of any such claims; this section has the sole purpose of protecting the integrity of the free software distribution system which is implemented by public license practices. Many people have made generous contributions to the wide range of software distributed through that system in reliance on consistent application of that system; it is up to the author/donor to decide if he or she is willing to distribute software through any other system and a licensee cannot impose that choice.

This section is intended to make thoroughly clear what is believed to be a consequence of the rest of this License.

12. If the distribution and/or use of the Library is restricted in certain countries either by patents or by copyrighted interfaces, the original copyright holder who places the Library under this License may add an explicit geographical distribution limitation excluding those countries, so that distribution is permitted only in or among countries not thus excluded. In such case, this License incorporates the limitation as if written in the body of this License.
13. The Free Software Foundation may publish revised and/or new versions of the Lesser General Public License from time to time. Such new versions will be similar in spirit to the present version, but may differ in detail to address new problems or concerns.

Each version is given a distinguishing version number. If the Library specifies a version number of this License which applies to it and "any later version", you have the option of following the terms and conditions either of that version or of any later version published by the Free Software Foundation. If the Library does not specify a license version number, you may choose any version ever published by the Free Software Foundation.
14. If you wish to incorporate parts of the Library into other free programs whose distribution conditions are incompatible with these, write to the author to ask for permission. For software which is copyrighted by the Free Software Foundation, write to the Free Software Foundation; we sometimes make exceptions for this. Our decision will be guided by the two goals of preserving the free status of all derivatives of our free software and of promoting the sharing and reuse of software generally.

NO WARRANTY

15. BECAUSE THE LIBRARY IS LICENSED FREE OF CHARGE, THERE IS NO WARRANTY FOR THE LIBRARY, TO THE EXTENT PERMITTED BY APPLICABLE LAW. EXCEPT WHEN OTHERWISE STATED IN WRITING THE COPYRIGHT HOLDERS AND/OR OTHER PARTIES PROVIDE THE LIBRARY "AS IS" WITHOUT WARRANTY OF ANY KIND, EITHER EXPRESSED OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. THE ENTIRE RISK AS TO THE QUALITY AND PERFORMANCE OF THE LIBRARY IS WITH YOU. SHOULD THE LIBRARY PROVE DEFECTIVE, YOU ASSUME THE COST OF ALL NECESSARY SERVICING, REPAIR OR CORRECTION.
16. IN NO EVENT UNLESS REQUIRED BY APPLICABLE LAW OR AGREED TO IN WRITING WILL ANY COPYRIGHT HOLDER, OR ANY OTHER PARTY WHO MAY MODIFY AND/OR REDISTRIBUTE THE LIBRARY AS PERMITTED ABOVE, BE LIABLE TO YOU FOR DAMAGES, INCLUDING ANY GENERAL, SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES ARISING OUT OF THE USE OR INABILITY TO USE THE LIBRARY (INCLUDING BUT NOT LIMITED TO LOSS OF DATA OR DATA BEING RENDERED INACCURATE OR LOSSES SUSTAINED BY YOU OR THIRD PARTIES OR A FAILURE OF THE LIBRARY TO OPERATE WITH ANY OTHER SOFTWARE), EVEN IF SUCH HOLDER OR OTHER PARTY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

END OF TERMS AND CONDITIONS

How to Apply These Terms to Your New Libraries

If you develop a new library, and you want it to be of the greatest possible use to the public, we recommend making it free software that everyone can redistribute and change. You can do so by permitting redistribution under these terms (or, alternatively, under the terms of the ordinary General Public License).

To apply these terms, attach the following notices to the library. It is safest to attach them to the start of each source file to most effectively convey the exclusion of warranty; and each file should have at least the "copyright" line and a pointer to where the full notice is found.

<one line to give the library's name and a brief idea of what it does.>

Copyright (C) <year> <name of author>

This library is free software; you can redistribute it and/or modify it under the terms of the GNU Lesser General Public License as published by the Free Software Foundation; either version 2.1 of the License, or (at your option) any later version.

This library is distributed in the hope that it will be useful, but WITHOUT ANY WARRANTY; without even the implied warranty of MERCHANTABILITY or FITNESS FOR A PARTICULAR PURPOSE. See the GNU Lesser General Public License for more details.

You should have received a copy of the GNU Lesser General Public License along with this library; if not, write to the Free Software Foundation, Inc., 59 Temple Place, Suite 330, Boston, MA 02111-1307 USA

Also add information on how to contact you by electronic and paper mail.

You should also get your employer (if you work as a programmer) or your school, if any, to sign a "copyright disclaimer" for the library, if necessary. Here is a sample; alter the names:

Yoyodyne, Inc., hereby disclaims all copyright interest in the library `Frob' (a library for tweaking knobs) written by James Random Hacker.
